Instructions Checklist for Application for Individual Life Insurance - Foresters PlanRight.

This form is for internal and producer use only and is not part of the Application.

This checklist is intended as a quick guide to help you avoid delays in the processing of the Application by Foresters. For more information on completing the Application, please refer to the Guide to Completing the Application (PlanRight version), which can be found on Foresters Ezbiz website.

If you have any questions about Foresters, Foresters PlanRight products or the Foresters PlanRight Application process, or if you have any trouble initiating the required personal health interview (PHI) with Apptical Corp. ("Apptical"), please contact **Foresters Producer Support Line at 1-866-466-7166 (option 2) 8:30 a.m. to 7:30 p.m. ET.**

Getting Started.

- Use the correct Application. The Application must be the current version approved for use in the state where both solicitation occurred and the Application is to be signed by the owner.
- Print legibly in English, using ink (preferably black).
- Do not use white out (liquid paper/correction fluid) on any part of the Application. The producer, the proposed insured and the owner, if other than the proposed insured, **must** initial **ALL** changes.
- Pre-screen:
 - For privacy reasons, **before** recording personal information on the proposed insured in section 1 (Proposed Insured) of the Application, complete Part A of section 2 (Medical Questions). If there is a 'Yes' answer in Part A, do not complete or submit the Application to Foresters. The Application **must be** shredded.
 - If all answers are 'No' in Part A, complete sections 1 through 10 of the Application. Do not complete sections 11 (Producer Certification) or 13 (Acknowledgement of First Premium) before initiating the PHI. The proposed insured and owner, if other than the proposed insured, **must** sign the Application before the PHI is initiated. Sections 11 and 13 should be completed after the PHI, once eligibility has been confirmed and first premium accepted.

Personal Health Interview (PHI) Procedures.

- A personal health interview (PHI) **must be** completed by the proposed insured at the time the Application is taken in order for the Application to be processed by Foresters. The PHI should be conducted as soon as sections 1 through 10 of the Application have been **completed and signed**, and while you are still with the proposed insured. Completion of the PHI must happen at the point of sale and within the operating hours of Apptical, **8:30 a.m. to Midnight ET, Monday through Friday and 10:00 a.m. to 4:00 p.m. ET, on Saturday and Sunday.**
- Call **1-866-844-9276** to be connected with Apptical. Identify yourself as a Foresters producer who would like to have a **Foresters PlanRight PHI** completed. You will be required to provide your name and producer number, the proposed insured's name, date of birth and address, and the type of plan applied for. Once you've provided the required information the interviewer will give you a PHI Inspection Reference ID number and ask to speak to the proposed insured. The Inspection Reference ID number **must be** recorded in the Producer Report.
- Have the proposed insured speak with the interviewer to confirm the answers to the medical questions in section 2 (Medical Questions). The proposed insured must complete the interview on their own without your input. When the interview has been completed, the interviewer will ask to speak with you again and you can then determine if any changes need to be made in the Application.
- If, after the PHI, changes are made in the Application, each change **must be** initialed, as described above, and a new signature page (page 4) **must be** completed, signed and submitted (the original page 4 should be destroyed). Note that any change, such as a change to an answer in section 2 (Medical Questions), that affects certificate type eligibility, will require changing the certificate type selected and may also require that a change be made to the insurance amount, premium amount and additional coverage, if any, selected in section 7 (Insurance Applied For) of the Application.
- Once a PHI has been initiated the signed Application **must be** submitted to Foresters and the Notice of Information section **must be** given to the proposed insured, regardless of whether or not the Application is to be processed. Foresters is required to retain the signed Application as it contains the authorization used to complete the PHI. This applies in all cases, even if the answers in section 2 (Medical Questions) have changed and as a result the proposed insured does not qualify for a PlanRight certificate or if the owner no longer wishes to apply for a PlanRight certificate. If the Application is not to be processed, write 'Withdrawn' in the Remarks section of the Producer Report and send the Application to Foresters for record retention purposes; no premium should be accepted and section 13 (Acknowledgement of First Premium) **should not be** left with the owner.

Important Reminders.

- PlanRight products use the “age last birthday” method for determining the age of the proposed insured for insurance purposes. Premium quote calculations should be based upon the proposed insured’s issue age (i.e. actual age) on the certificate issue date. If a specific (delayed) certificate issue date is requested ensure that the premium submitted is based upon the correct issue age.
- The certificate’s issue date will be the date that Foresters approves the Application, unless a preferred issue date is requested in the Application. A preferred issue date, for PAC draw purposes, should be indicated by designating a specific PAC draft date in section 7 (Payment Information) of the Application. If the first premium payment is being made by PAC, Foresters will draw the first premium on the certificate issue date. A preferred issue date, to save insurance age, should be indicated in the Certificate Issuing Instructions section of the Producer Report.
- If a specific draft date is requested, the certificate issue date will be the first time that date occurs after the date that Foresters approves the Application. For example, if the specific draft date requested is the 15th day of the month and the Application is dated January 12th but arrives at Foresters House on January 16th, the certificate issue date, if approved, would be February 15th.
- There is **NO** temporary insurance coverage in effect. Ensure that the owner is aware of this.
- In some cases the PlanRight certificate that is issued may differ, in certificate type and/or insurance amount, from what was selected in the Application:
 - If the proposed insured does not qualify for the certificate type selected, Foresters may issue a different type of PlanRight certificate.
 - If the premium amount submitted with the Application is more or less than the amount required for the insurance amount applied for in the Application for the certificate type issued, the face amount will be adjusted, either upwards or downwards, based upon that premium amount.

How to Avoid Delays.

- Ensure that all sections of the Application are signed as required:
 - Section 7 (Payment Information) **must be** signed by the payer.
 - Section 10 (Signature Section) **must be** signed by the proposed insured and the owner, if other than the proposed insured.
 - Section 11 (Producer Certification) **must be** signed by the producer.
 - Section 13 (Acknowledgement of First Premium) **must be** signed by the producer.
- Distribute the detachable sections of the Application as required:
 - Section 12 (Notice of Information Procedures) is left with the proposed insured.
 - Section 13 (Acknowledgement of First Premium) is left with the owner.
- If replacing existing insurance or an annuity, ensure that the applicable replacement form(s) has been completed and included (if required).
- Complete the Certificate Issuing Instructions section of the Producer Report, with any special instructions noted in the Remarks section.

Payment of Premiums.

- Cash is not permitted for the payment of premium(s).
- Payments by check or money order must be made payable to Foresters.
- If the first premium payment is being made by check or money order it must be dated no later than the date the Application was signed by the owner.
- If PAC has been requested, all PAC requirements have been met and PAC has been explained to the payer.
- If the first premium payment is being made by PAC, the payer is aware that the PAC authorization is effective immediately.
- Producer cannot make premium payments (unless the proposed insured is the producer or a dependent of the producer).
- If submitting the Application electronically, remember to include a photocopy of the void check, if one was provided for PAC purposes.
