Tips for Submitting a Foresters Application for Individual Life Insurance

- Money orders or cashier’s checks are NOT permitted for the payment of initial premiums.
- Premium payments CANNOT be made by the producer (unless the proposed insured is the producer or a dependent of the producer).
- Explain to your client that if a premium is returned due to non sufficient funds, the bank could attempt to re-draft within 5 business days in order to try to successfully collect the premium.
- Make sure you have the right application and forms for the state where the application is signed. Make sure you verify product rules and state availability for the applicable state.
- We may require additional information for each “Yes” answer to a question in the Lifestyle, either Medical, or a Rider section. You can speed up the Underwriting process by completing the questionnaire that is applicable to each “Yes” answer or if an applicable questionnaire is not available by providing details in the Additional Information section. Available questionnaires are listed on the Producer Report.
- Where additional space is required, use a separate sheet of paper, which must be signed and dated by the producer, Proposed Insured and Owner, if different from the Proposed Insured.
- For medically underwritten products, you are responsible for ordering requirements (refer to the Age & Amount requirements charts in the Underwriting Guide).
- Make sure all applicable questions are answered and that the answers are legible.
- When faxing, make sure pages are straight to avoid cutting off form numbers during submission.

Foresters Difference

- We believe in enriching lives and building strong communities – that’s our purpose. It has defined us since 1874, and it helps us continually redefine what a financial services provider can do for you and your family.
- We believe that you deserve more than a financial services provider – you deserve a partner that will help you prosper and improve your community.
- Foresters is a fraternal benefit society and as such, some aspects of our ownership and beneficiary rules are different than other carriers. Be sure to read the rules found in the Toolbox/Underwriting Resources section of Foresters producer website before taking an application for Foresters products.

Declarations and Agreements

“Application” means this Application for Individual Life Insurance and includes additional forms, if any, that are part of this Application. “I/Me” means individually each person identified in this Application as either the proposed insured or the owner, and the parent/legal guardian signing this Application if the proposed insured is a juvenile.

I, as evidenced by my signature(s) in this Application, declare that: 1) I have reviewed this Application. 2) I was asked every question that applies to me and provided the answers shown, in this Application, to these questions. 3) The statements, answers, and representations contained in this Application are full, complete and true, to the best of my knowledge and belief. 4) If I am the owner and if the amount of life insurance applied for on the life of the proposed insured is at least \$20,000, I have been provided, either in paper or electronically, with the Accelerated Death Benefit Rider Disclosure.

I understand and agree that: 1) All statements made in this Application shall be representations and not warranties. 2) This Application, Foresters Instruments of Incorporation and its Constitution now in force or subsequently amended shall form part of the entire contract if an insurance contract is issued by Foresters. 3) No person is authorized to advise me that any untrue or incomplete answer or information is acceptable. 4) The answers, statements and representations contained in this Application will influence the assessment and acceptance of this Application by Foresters. 5) A material misrepresentation, or untrue declaration, or failure to disclose all material facts, may result in loss of coverage or cancellation of the insurance contract. 6) Foresters will have no liability under an insurance contract issued, if any, as a result of this Application until the date that insurance contract comes into effect, according to its terms, and then only if (a) the first premium due, for that insurance contract, is provided in full on or before the delivery date of that insurance contract and is received by Foresters from the financial institution from which it is to be collected, and (b) between the date this Application was signed and the date that insurance contract comes into effect there is no event, no diagnosed change in health, and no change in the habits or circumstances of the proposed insured, or a child if any, identified in this Application, that would require a change to an answer to a question in this Application. 7) Foresters and its subsidiaries may review, transfer and otherwise use, information provided in this Application or obtained by Foresters or its subsidiaries to assess, develop, or offer and issue to me (including post issue administration), other financial products or benefits. 8) Before issuing an insurance contract, Foresters may require and obtain information about me to validate my identity.

I further understand and agree that: 1) Changes or corrections made to this Application by Foresters, if any, are ratified by the owner if the insurance contract delivered, if any, is not returned during the cancellation period. Such changes or corrections may be made directly on this Application or by an amendment to this Application. 2) No producer, medical examiner or any other person, except Foresters Executive Secretary or successor position, has power on behalf of Foresters to make, modify, or discharge an insurance contract. 3) This Application and related documents may be completed, signed and/or submitted to Foresters by voice and/or electronic means and if completed in paper form this original Application may be destroyed after confirmation of successful transmission. 4) Foresters may contact or send messages to me, including pre-recorded and text messages and calls or messages by use of an automatic telephone dialing system, using the phone number(s), including wireless number(s), either provided in this Application or number(s) that I later provide. 5) I understand that providing an email address is optional. If I have chosen to provide an email address in this Application or choose to provide one in the future, Foresters may use that address to send messages or documents to me electronically. 6) Any person who knowingly presents a false statement in an application for insurance may be guilty of a criminal offense and subject to penalties under state law.

Authorization To Obtain And Disclose Information

This authorization is for the purpose of (a) assessing insurance coverage eligibility and premium amounts, (b) adjudicating claims, (c) supporting The Independent Order of Foresters ("Foresters") business analysis and operations and (d) record keeping and future servicing by authorized persons. In this authorization, "proposed insured", "owner" and "parent/legal guardian" mean each person identified as such in this Application. "Child" means each child named, if any, and proposed for insurance, in this Application. "Authorized persons" means reinsurers, insurance agents, agencies, and Foresters subsidiaries and those performing services in relation to an application for insurance, insurance product, benefit claim or supporting Foresters business analysis and operations. As evidenced by the signature(s) in the Signature Section of this Application, the proposed insured and owner, on their behalf and on behalf of each child, or the parent/legal guardian on behalf of the proposed insured if the proposed insured is a juvenile, authorizes Foresters and authorized persons to obtain an investigative consumer report and/or information about him/her from any: physician, medical practitioner, hospital, clinic, or medical facility; employer; insurer or institution; consumer reporting agency; pharmacy, pharmacy benefits manager or other pharmacy related services organization; or MIB, Inc. ("MIB"). This includes obtaining records or other information available as to: past, current or future diagnosis, treatment and prognosis of a physical or mental condition; past, current or future drug, physical and mental health, and alcohol-related information that may be protected by federal or state laws and regulations. Information may be disclosed: between and among Foresters and authorized persons; to companies to which the proposed insured has or may apply to for insurance coverage or benefits; as required or permitted by law. The proposed insured, and owner, on their behalf and on behalf of each child, or the parent/legal guardian on behalf of the proposed insured if the proposed insured is a juvenile, authorizes Foresters and authorized persons, to make a brief report of the proposed insured's and each child's personal and/or protected health information to MIB, even if this Application is cancelled or withdrawn. Obtained or disclosed information may no longer be protected by federal privacy laws. This authorization is valid for two years from the date of this Application. This time limit complies with the time limit, if any, permitted by the applicable law in the state where the certificate is delivered or issued for delivery. A copy of this authorization shall be as valid as the original. Each person signing this authorization may at any time, by written notice to Foresters, revoke their authorization, except that reporting to MIB and action(s) begun before receipt of notice will not be affected. A Notices page has been provided, either in paper or electronically to the proposed insured. It includes the MIB and Fair Credit Reporting Notices. A copy of this authorization will be provided upon request.

Temporary Life Insurance Agreement (TIA) (Complete and leave with the owner only if all pre-conditions are met.)

Definitions - "Application" means the Application for Individual Life Insurance to which this Agreement relates. "Foresters", "we", "our", and "us" mean The Independent Order of Foresters. "Producer" means the person who signed the Application as the producer. "Proposed Insured" and "Owner" mean the person(s) identified as such in the Application.

Pre-Conditions to Temporary Coverage - Subject to the terms of this Agreement, we agree to provide the temporary coverage set out in this Agreement, effective on the date the Application is signed by the owner, if each of the following pre-conditions are met: 1) The proposed insured is not, on that date, less than 15 days old or age 71 or older. 2) No more than \$1,000,000 of life insurance on the proposed insured is applied for in the Application, not including coverage or benefits, if any, to be provided by rider(s), whether applied for or not. 3) Each question in the Temporary Life Insurance Agreement (TIA) Questions section is answered "No" and each "No" answer shown is truthful and 4) No later than the date the Application is signed by the owner, first payment, at least equal to a monthly premium quoted for the insurance, including each rider, applied for in the Application, is provided or authorized by a method other than a transfer of funds from existing life insurance or annuity contract(s). If one or more of the above pre-conditions are not met, no temporary coverage takes effect even if this Agreement was left with the owner.

Temporary Life Insurance Agreement (TIA) Questions

Has the proposed insured:	
1. Within the past 24 months, had either an investigation or treatment, by a physician or medical practitioner, for chest pain, heart problem, stroke, cancer or AIDS ("Investigation" does not include negative tests for HIV)?	<input type="radio"/> Yes <input type="radio"/> No
2. Within the past 4 months, been admitted or been medically advised to be admitted to a hospital or other licensed health care facility (other than for childbirth)?	<input type="radio"/> Yes <input type="radio"/> No
3. Within the past 4 months, had surgery performed or recommended, had or been medically advised to have a medical test (other than for HIV) or investigation, that has not yet been started or completed, or the results of which are not yet known?	<input type="radio"/> Yes <input type="radio"/> No

Amount of Temporary Coverage - Subject to the terms of this Agreement, if each of the above pre-conditions is met and the proposed insured dies while this Agreement is in effect, Foresters shall pay in total, to the beneficiary(ies), as shown in the Application, under this and all other Foresters temporary life insurance agreement(s) insuring the life of the proposed insured, the lesser of a) \$500,000; and, b) the amount of life insurance coverage applied for in the Application on the deceased proposed insured, not including coverage or benefits, if any, to be provided by rider(s), whether applied for or not. No temporary coverage is provided under this Agreement for coverage or benefits, whether applied for or not, that are to be provided under a rider. If we pay under this Agreement then we will retain, if collected, or deduct from the amount payable, if not collected, an amount equal to the minimum first payment amount described in the 4th pre-condition. If we do not pay under this Agreement then the first payment amount, if collected, will be (a) applied as first premium to the certificate issued, if any, as a result of the Application, or (b) refunded, without interest, if no such certificate is issued.

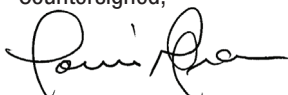

Termination of Temporary Coverage - Subject to the terms of this Agreement, if temporary coverage takes effect under this Agreement, temporary coverage will terminate, and shall be of no further force or effect, on the earliest of the following: 1) Ninety (90) days from the date shown in the Application as the date that the Application was signed by the owner. That date shall be the first day for purposes of calculating this ninety (90) day period. 2) The date an approved Foresters certificate comes into effect as described in that certificate, if a certificate is issued in response to the Application. 3) The issue date, as shown in our records, for an approved Foresters certificate issued in response to the Application if that certificate either does not meet the conditions to come into effect, as described in that certificate, or is rescinded. 4) The date we offer, as shown in our records, the owner a Foresters certificate in response to, but not as applied for in, the Application. 5) The date a written or oral request to cancel or withdraw the Application or terminate this Agreement is made by or on behalf of the proposed insured or the owner. 6) The date written notice is sent by us, as shown in our records, to the owner, terminating this Agreement, cancelling or declining the Application.

Special Limitations - This Agreement shall be void if the first payment, regardless of method, is not honored when presented for payment. Fraud, material misrepresentation or non-disclosure in the Application will void this Agreement and limit our liability to a refund of payment(s) made to us. If the proposed insured dies by suicide, whether sane or insane, our liability under this Agreement is limited to a refund of the payment(s) made to us.

Entire Agreement and Governing Law - This Agreement contains the entire terms regarding temporary coverage. No one, including the producer, is authorized to waive, modify or change in writing, orally, or otherwise the terms of this Agreement or to promise or represent the terms of this Agreement other than as expressly written in this Agreement. This Agreement shall be governed by and subject to the laws of the State in which this Agreement was delivered to the owner.

Acknowledgement - I, the proposed insured and owner, if other than the proposed insured, by signing in the Signature Section of the Application, acknowledge and agree that I have reviewed, understand and accept the terms of this Temporary Life Insurance Agreement.

Countersigned,

Louis Gagnon, President & Chief Executive Officer

Accelerated Death Benefit Rider Disclosure (This disclosure must be given to the owner.)

The insurance contract you are applying for may include one of the following accelerated death benefit riders: Accelerated Death Benefit Rider (for Chronic, Critical and Terminal Illness); Accelerated Death Benefit Rider (for Critical and Terminal Illness); or Accelerated Death Benefit Rider (for Terminal Illness). You should review the insurance contract issued, if any, to determine which one of these riders, if any, it includes. This disclosure provides only a brief description of the accelerated death benefit rider (“rider”) that may be included in the insurance contract; it is not the rider and only the provisions of the rider, and the certificate that the rider is attached to, will control. A full description can be found within the certificate and rider issued, if any, therefore it is important that you read the certificate and rider carefully.

Benefit Description

The rider provides the opportunity for the owner to accelerate a portion of the certificate’s eligible death benefit (“acceleration amount”), during the lifetime of the insured, and receive an accelerated death benefit payment (“payment”). Under the conditions described in the rider the owner may elect to receive a payment if the insured is diagnosed, by a physician, with a chronic, critical or terminal illness, as applicable under that rider. The payment is paid to the owner and not to the beneficiary(ies). A claim made during the contestable period may result in cancellation of the insurance contract, with no benefit being paid. The rider is not, and is not intended to be, long-term care insurance.

There is no required premium or monthly rider deduction, as applicable, for the rider. However, a payment may have deductions and other effects, as referred to in this disclosure.

Chronic illness means the insured:

- a) Is unable to perform, without substantial assistance from another person, at least two of the activities of daily living (bathing, continence, dressing, eating, toileting or transferring) for a period of at least 90 days, due to a loss of functional capacity; or
- b) Requires substantial supervision by another person to protect the insured from threats to health and safety due to the insured’s severe cognitive impairment.

The chronic illness must be diagnosed by a physician as permanent.

Critical illness means the insured has one or more of the following, as defined in the rider: Advanced Alzheimer’s Disease (before the insured’s 75th birthday), Amyotrophic Lateral Sclerosis (ALS), End Stage Renal Failure (Kidney Failure), Life Threatening (Invasive) Cancer, Major Organ Failure, Myocardial Infarction (Heart Attack) or Stroke.

Terminal illness means the insured has a non-correctable illness or physical condition which is reasonably expected to result in death within 12 months of diagnosis.

Amount of the Accelerated Death Benefit Payment

The accelerated death benefit payment may be less than the acceleration amount as we may deduct from the acceleration amount: an actuarial discount amount, determined by us; an administrative fee; the sum of the unpaid total premium or overdue monthly deductions, as applicable; and a loan repayment amount, if there is an outstanding loan.

For terminal illness: The actuarial discount amount and administrative fee will both be \$0.00. This means that the payment will only be less than the acceleration amount if, on the effective date of the payment, there are unpaid total premiums, overdue monthly deductions or an outstanding loan amount.

For chronic and critical illness: The administrative fee will be no more than \$500.00. The actuarial discount amount will be determined by us based upon a number of factors, such as the insured’s age and life expectancy on the effective date of the payment, and will take into account the present value of future anticipated premiums or monthly deductions, as applicable. This means that the payment will be less, and depending on the individual circumstances of the claim could be substantially less, than the acceleration amount.

Each acceleration amount must be at least \$4,500.00 and must be such that after acceleration a residual face amount of at least \$10,000.00 remains. The total of all acceleration amounts cannot exceed the lesser of 95% of the eligible death benefit on the effective date of the first payment and \$500,000.00. For chronic illness the maximum amount that can be accelerated in any 12 month period is 24% of the eligible death benefit on the effective date of the first payment due to a chronic illness. For critical and terminal illness, the maximum amount that can be accelerated is 95% of the eligible death benefit on the effective date of the payment.

Effect of Payment on the Certificate

An accelerated death benefit payment will not end the certificate, however it will reduce the face amount and the amount, if any, of the paid-up additional insurance, account value or cash value, and loan amount on a pro-rata basis, based upon the acceleration amount. That payment will reduce the death benefit payable, if any, to the beneficiary(ies). The reduction to the face amount for chronic and critical illness will be more, and for terminal illness may be more, than the amount of the payment. Premiums or monthly deductions due, and dividends credited, after the effective date of the payment, will be adjusted based upon the reduced face amount. The adjusted premiums or monthly deductions, if any, will be as if the certificate had been issued at the reduced face amount.

Effect of Payment on Taxation and Eligibility for Public Assistance

Receipt of an accelerated death benefit payment under the rider is intended to qualify for favorable tax treatment under the Internal Revenue Code. However, depending on individual circumstances or changes to that code, receipt of an accelerated death benefit payment may be a taxable event. You should consult with a qualified tax advisor in order to assess the tax impact of receiving an accelerated death benefit payment.

Receipt of an accelerated death benefit payment may affect your, your spouse's or your family's eligibility for public assistance such as Medicaid, supplemental social security income or other government benefits or entitlements. You should consult each applicable government agency before receiving an accelerated death benefit payment so that you can assess the impact on eligibility for such assistance.

Examples of Accelerated Death Benefit Payments

The following examples are hypothetical and are intended only to demonstrate an accelerated death benefit payment and to show the relationship between certificate values before and after payment of an accelerated death benefit. These examples are based upon a 30 year term life insurance certificate, issued when the insured was age 45, with the maximum acceleration amount being accelerated. The amounts, including the accelerated death benefit payments, shown are based upon hypothetical certificate values at the time of acceleration, are not guaranteed, and assume that the claim has been approved when the certificate has been in effect for the number of years indicated. Actual amounts will vary and may be higher or lower depending on a number of factors, including but not limited to, the type of certificate, the actual certificate values at the time the claim is approved, the age of the insured and the length of time that the certificate has been in effect.

Effect on Certificate Values

	<u>Before Acceleration</u>	<u>After Acceleration</u>		
		<u>Chronic Illness</u>	<u>Critical Illness</u>	<u>Terminal Illness</u>
Face Amount:	\$ 200,000.00	\$ 152,000.00	\$ 10,000.00	\$ 10,000.00
Annual Premium:	\$ 984.00	\$ 764.64	\$ 115.70	\$ 115.70

Accelerated Death Benefit Payment Calculation (Claim approved when certificate has been in effect for 10 years.)

	<u>Chronic Illness</u>	<u>Critical Illness</u>	<u>Terminal Illness</u>
Acceleration Amount:	\$ 48,000.00	\$ 190,000.00	\$ 190,000.00
Payment Percentage:	15.022 %	15.022 %	100.00 %
Gross Payment Amount:	\$ 7,210.56	\$ 28,541.80	\$ 190,000.00
minus Administrative Fee:	\$ 300.00	\$ 300.00	\$ 0.00
minus Overdue Premium:	\$ 0.00	\$ 0.00	\$ 0.00
Accelerated Death Benefit Payment:	\$ 6,910.56	\$ 28,241.80	\$ 190,000.00

For chronic and critical illness the actuarial discount will generally be higher for claims approved in the early years of a certificate and lower in the later years. This could result in significantly lower accelerated death benefit payments in earlier years than in later years on the same certificate. To illustrate this, the following chart shows hypothetical payment amounts for a critical illness claim, on the same hypothetical term life insurance certificate issued when the insured was age 45, approved in different years.

Year	Acceleration Amount	Accelerated Death Benefit Payment	Year	Acceleration Amount	Accelerated Death Benefit Payment
2	\$190,000.00	\$ 18,383.71	15	\$190,000.00	\$ 32,714.44
5	\$190,000.00	\$ 22,301.09	20	\$190,000.00	\$ 34,996.29
7	\$190,000.00	\$ 24,814.62	25	\$190,000.00	\$ 29,112.53

The same effect occurs, although the values and amounts will be different, if the certificate is universal life or whole life insurance.

Privacy - Personal information we obtain about you is confidential. As permitted by privacy laws, information may be disclosed, without further authorization, between and among Foresters and authorized persons, to consumer reporting agencies hired to prepare consumer reports or consumer investigative reports, to companies to which you have applied for insurance coverage or benefits, and to those conducting bona fide actuarial, marketing or scientific studies or audits and the respective employees, agents, contractors and consultants of each of the aforementioned. We may also disclose information to your physician and MIB, Inc. ("MIB"). You can make a request to review personal information about you in our file. However, we will not disclose information to you that was prepared for an anticipated claim, civil or criminal proceeding. You may request correction of information which you believe to be inaccurate or irrelevant. Upon request, we will provide more information about these procedures.

Medical and Personal Information - The Underwriting process evaluates information about you to see if you qualify for the requested insurance. Answers in the Application are our principal source of information. We may contact other sources, such as a doctor, clinic, hospital, other insurers, or a lending institution. In some cases, we may ask an independent agency to prepare a consumer report or an investigative consumer report about you. These reports may include information on your character and general reputation. They may also include personal characteristics, such as health, prescription history, finances, job and mode of living. The federal Fair Credit Reporting Act gives you the right to make a written request, within a reasonable period of time, to receive additional information from Foresters about the nature and scope of an investigation. We will provide the contact information of any agency we ask to prepare such a report. You may contact the agency to learn about the contents or request a copy of the report. You may request a personal interview with the agency and they will make a reasonable attempt to talk to you. It will include that information in its report. If we order a report, it may include information obtained through interviews with your neighbors, friends or others you know. No adverse underwriting decision will be made based upon an individual's implied or confirmed sexual orientation or an individual's concern about or consultation for AIDS information.

MIB, Inc. - Information regarding your insurability will be treated as confidential. Foresters or authorized persons may, however, make a brief report thereon to MIB, a not-for-profit membership organization of insurance companies, which operates an information exchange on behalf of its members. If you apply to another MIB member company for life or health insurance coverage, or a claim for benefits is submitted to such a company, MIB, upon request, will supply such company with the information about you in its file. Upon receipt of a request from you, MIB will arrange disclosure of any information it may have in your file. Please contact MIB at 866-692-6901 (TTY 866-346-3642). HIV TESTING INFORMATION STATEMENT & CONSENT FORM

Vermont law requires that this entire statement be read aloud to you. It contains important information about HIV testing and your rights under Vermont law. A copy of it will be given to you to keep and review.

The insurance company you are applying to for coverage may want to take a sample from you to be tested by a laboratory for indication of HIV infection. This information may be used as part of its decision whether to sell you insurance coverage. The insurance company may request a sample of your blood in order to conduct the test. The insurance company will pay for this test.

HIV stands for human immunodeficiency virus. HIV is the virus that causes AIDS (acquired immunodeficiency syndrome). Different laboratory tests can be used to identify HIV infection, the most common being a combination HIV antibody/antigen test. Presence of HIV antibodies or antigens in the sample means that a person has been infected with the HIV virus. While a positive HIV antibody/antigen test result does not mean that you have AIDS, it does mean that you are at a seriously increased risk of developing AIDS and more testing is needed to assess your health. A negative test result means that no HIV antibodies or antigens were found. Because of varying incubation periods (also known as the window period), absence of HIV antibodies or antigens does not guarantee that you have not been infected with the virus. In addition, the absence of HIV antibodies or antigens does not mean that you are immune to the virus. If your HIV antibody/antigen test is indeterminate, a nucleic acid test (NAT) may be ordered to provide more information. More information about the HIV testing process specific to the insurance company you are applying to can be requested of their medical staff.

If after listening to this statement you do not wish to be tested, do not sign the informed consent form and the application process will be suspended. Before deciding whether to consent to this testing you may, at your own choice and expense, consult with a personal physician or counselor or the Vermont Department of Health regarding HIV and HIV testing. Anonymous HIV testing is also available, the results of which would not be connected to any personally identifying information. To find an anonymous HIV testing site contact the Vermont Department of Health using the contact information at the end of this letter. Any delay in your application resulting from pursuing the options described above will not affect the status of your application or policy.

If after listening to this statement you decide to proceed, you may choose to receive the test results directly or to designate in writing (on the informed consent form) any other person whom you want to receive the results.

All test results will be treated confidentially. The laboratory that conducts the test will report the results to the insurance company, which may in turn report results to its affiliates, reinsurers, medical personnel and insurance support organizations that are involved in the decision by the insurer to sell you insurance. Test results will not be shared with your insurance agent or broker. You have the right to sue a person for damages arising from the unauthorized negligent or knowing disclosure of HIV-related test results.

Foresters Financial and Foresters are trade names and trademarks of The Independent Order of Foresters (a fraternal benefit society) and its subsidiaries.

If your test result is positive or indeterminate, the insurance company may report a nonspecific test code to the medical information bureau (MIB). The MIB is a central computerized facility that keeps on file the health information of the applicants for life and health insurance for use by insurance companies. In addition, positive test results must be reported to the Vermont Department of Health.

You have rights that include the following:

1. If your HIV status is determined to be negative, coverage shall not be denied based on HIV status.
2. Your HIV test will only be considered as positive if testing results meet the most current Centers for Disease Control and Prevention recommended laboratory HIV testing algorithm or more reliable confirmatory test or test protocol that has been approved by the United States Food and Drug Administration.
3. If the HIV-1/2 antibody differentiation test result is indeterminate, the insurer may delay action on the application, but no change in preexisting coverage, benefits, or rates under any separate policy or policies held by the individual shall be based upon such indeterminacy.
4. If the HIV-1 NAT test is invalid, the full testing algorithm shall be repeated.
5. No application for coverage shall be denied based on an indeterminate or invalid result. Any underwriting decision granting a substandard classification or exclusion based on the individual's prior HIV-related test results shall be reversed, and the company performing any previous HIV-related testing that had forwarded to a medical information bureau reports based upon the individual's prior HIV-related test results shall request the medical information bureau to remove any abnormal codes listed due to such prior test results.
6. If you are denied insurance, or offered insurance on any other than a standard basis, because of the positive results of an HIV-related test, you may request a retest once within the three-year period following the date of the most recent test; and in any event, upon updates to the Centers for Disease Control and Prevention recommended laboratory HIV testing algorithm for serum or plasma specimens. If such retest is negative, a new application for coverage shall not be denied by the insurer based upon the results of the initial test. Any underwriting decision granting a substandard classification or exclusion based on the individual's prior HIV-related test results shall be reversed, and the company performing a retest which had forwarded to a medical information bureau reports based upon the individual's prior HIV-related test results shall request the medical information bureau to remove any abnormal codes listed due to such prior test results.
7. Any individual who sustains damage as a result of the unauthorized negligent or 3 3 knowing disclosure of that individual's individually-identifiable HIV-related test result information in violation of subdivision (H) of this subdivision (20) may bring an action for appropriate relief in Superior Court against any person making such a disclosure. The Court may award costs and reasonable attorney's fees to the individual who prevails in an action brought under this subdivision.

Information about HIV and how to access anonymous HIV testing sites in Vermont is available at the Vermont Department of Health website: www.healthvermont.gov/disease-control/hiv or by calling (800) 882-2437. Additional information about HIV is available at the Centers for Disease Control and Prevention's website www.cdc.gov/hiv or by calling (800) 232-4636.

HIV is a treatable infection. In the event you test positive for HIV, it is very important that you seek medical care. You can obtain helpful information from the Vermont AIDS Hotline at (800) 882-2437.

If you choose, you will now be asked to sign a written informed consent form permitting the insurance company to have you tested for HIV.

Before You Buy Life Insurance

Understand What Life Insurance Is

Life insurance pays a death benefit if you die while the policy is in effect, in exchange for premiums you pay before your death. You can use the death benefit to protect against financial hardships such as loss of your income, funeral expenses, medical or nursing care expenses, debt repayments, and child care costs after your death. You can get information from the NAIC InsureU Life Insurance website --

www.insureuonline.org/insureu_type_life.htm

If You Need Life Insurance, Decide How Much Coverage to Buy

How much life insurance to buy depends on the financial needs that will continue after your death. Examples include supporting your family, paying for child(ren)'s education, and paying off a mortgage. Some questions you may want to ask about your own needs include:

- Does anyone depend on me financially?
- How much of the family income do I provide?
- How will my family pay my final expenses and repay debts after my death?
- Do I want to leave money to charity or family?
- If I have life insurance through my employer, is it enough to meet my financial obligations?

The answers to these questions can help you decide how much coverage you need. An insurance agent, financial advisor, or insurance company representative can help you evaluate your insurance needs and give you information about available policies.

If You Already Have Life Insurance, Assess Your Current Life Insurance Policy

It's important to compare your current policy with any new policy you might buy. Keep in mind that you may be able to change your current policy to get benefits you want. Also, know that any changes in your health may impact your ability to get a new policy or the premium you'll pay. Don't cancel your current policy until you get the new one.

Also, while you may have free or low-cost life insurance through your employer, the death benefit usually is less than you need. And if you leave the employer, you may not be able to take this coverage with you.

Life Insurance *Buyer's Guide*

Compare the Different Types of Insurance Policies

There are many types of life insurance policies. You should choose a policy with features that fit your individual needs. Some things to consider are:

- **Term Insurance vs. Cash Value Insurance.** Term insurance is intended to provide lower-cost coverage for a specific period of time (“a term”). If you want coverage for a longer period of time, such as for your lifetime, cash value insurance may be more cost effective. Most term policies don’t build up cash values that you can use in the future.

- **Renewable Term vs. Non-renewable Term.** Most term life insurance coverage can be continued (“renewed”) at the end of the term, even if your health has changed. If you renew a term policy, the new premiums are higher. Ask what the premiums will be before you renew the policy. Also ask if you’ll lose the right to renew the policy at a certain age. A Non-renewable term policy can’t be continued. You’ll have to apply for a new policy if you still want coverage.

- **Whole Life vs. Universal Life.** Whole life and universal life insurance are two types of cash value insurance. A key difference between the two is how you pay for the coverage. You typically pay premiums for whole life insurance according to a set schedule. In a universal life policy, you can choose a flexible premium payment pattern as long as you pay enough to keep your policy in force.

- **Variable Life vs. Non-variable Life.** The investments you will choose (such as stock and bond funds) in a variable life policy directly impact your cash value. These policies have the greatest potential to build cash value but also the greatest risk of losing cash value. Non-variable life policies often have guaranteed minimums for some features (interest or cash value, for example) but not all. Non-variable life policies also have less potential to build cash value than variable life policies.

Life Insurance *Buyer's Guide*

Be Sure You Can Afford the Premium

Before you buy a life insurance policy, be sure you can pay the premiums. Can you afford the initial premium? If the premium increases later, will you still be able to afford it? The premiums for many life insurance policies are sensitive to changes in the company's investment earnings, claims costs, and other expenses. If those are worse than expected, you may have to pay a much higher premium. Ask what might be the highest premium you'd have to pay to keep your coverage.

Understand the Application Process

You can apply for life insurance through life insurance agents, the mail, and online. In addition to basic information, such as your name, address, employer, job title, and date of birth, you'll be asked for more personal information. Depending on the type of policy, the insurer may require you to see a doctor, answer health-related questions, or have a medical professional come to your home or office to assess your health. Usually a policy that doesn't require detailed health information will cost more and provide less coverage than one that does.

It's important to tell the truth on the application. The insurance company will check your answers so review the application before you sign. If the insurance company discovers false statements on your application after it issues your policy, it could reduce or cancel your coverage.

Choose a Beneficiary

A beneficiary is the person(s) or organization(s) you name to receive your life insurance policy's death benefit. You'll need to know the Social Security or tax identification number for all beneficiaries. Experts advise you not to name a minor child as a beneficiary. Insurance companies won't pay a minor. Instead, consider leaving the money to your estate or trust.

Evaluate the Future of Your Policy

Does your policy have a cash value? In some cash value policies, the values are low in the early years but build later on. In other policies the values build up gradually over the years. Most term policies have no cash value. Ask your insurance agent, financial advisor, or an insurance company representative for an illustration showing future values and benefits.

Life Insurance *Buyer's Guide*

After You Buy Life Insurance

Read Your Policy Carefully

After you carefully read your policy, you should be able to answer the following important questions:

- Is your personal information correct?
- Do premiums or policy values vary from year to year?
- What part of the premium or policy value isn't guaranteed?
- How will the timing of money paid and received affect any interest the policy might earn?

Your insurance agent, financial advisor, or an insurance company representative can help you understand anything that isn't clear.

If you're not satisfied with your new policy, you can return it for a full refund within a certain period, usually 10 days after you receive it. The review period usually is stated on the first page of the policy.

Review Your Life Insurance Program Every Few Years

Review your policy with your insurance agent, financial advisor, or an insurance company representative every few years to keep up with changes in your policy and your needs.

- Have the premiums or benefits changed since your policy was issued?
- Do the death benefits still meet your needs?
- Do you need more or less coverage after life events, such as birth, adoption, marriage, job change, death, or divorce?

The insurance company can provide policy statements and illustrations to help with this review. As the policy owner, you can change beneficiaries at no cost. Be sure to review your beneficiaries every few years, especially after major life events that affect your life insurance needs.

ADDENDUM TO LIFE INSURANCE BUYER'S GUIDE

After you have decided which kind of life insurance fits your needs, look for a good buy. Your chances of finding a good buy are better if you use two types of index numbers that have been developed to aid in shopping for life insurance. One is called the "Surrender Cost Index" and the other is the "Net Payment Cost Index." It will be worth your time to try to understand how these indexes are used, but in any event, use them only for comparing the relative costs of similar policies. LOOK FOR POLICIES WITH LOW COST INDEX NUMBERS.

What is Cost?

"Cost" is the difference between what you pay and what you get back. If you pay a premium for life insurance and get nothing back, your cost for the death protection is the premium. If you pay a premium and get something back later on, such as a cash value, your cost is smaller than the premium.

The cost of some policies can also be reduced by dividends; these are called "participating" policies. Companies may tell you what their current dividends are, but the size of future dividends is unknown today and cannot be guaranteed. Dividends actually paid are set each year by the company.

Some policies do not pay dividends. These are called "guaranteed cost" or "nonparticipating" policies. Every feature of a guaranteed cost policy is fixed so that you know in advance what your future cost will be.

The premiums and cash values of a participating policy are guaranteed, but the dividends are not. Premiums for participating policies are typically higher than for guaranteed cost policies, but the cost to you may be higher or lower, depending on the dividends actually paid.

What are Cost Indexes?

In order to compare the cost of policies, you need to look at:

1. Premiums
2. Cash Values
3. Dividends

Cost Indexes use one or more of these factors to give you a convenient way to compare relative costs of similar policies. When you compare costs, an adjustment must be made to take into account that money is paid and received at different times. It is not enough to just add

up the premiums you will pay and to subtract the cash values and dividends you expect to get back. These indexes take care of the arithmetic for you. Instead of having to add, subtract and multiply and divide many numbers yourself, you just compare the index numbers which you can get from life insurance agents and companies.

1. **LIFE INSURANCE SURRENDER COST INDEX** - This index is useful if you consider the level of the cash values to be of primary importance to you. It helps you compare costs if at some future point in time, such as 10 or 20 years, you were to surrender the policy and take its cash value.
2. **LIFE INSURANCE NET PAYMENT COST INDEX** - This index is useful if your main concern is the benefits that are to be paid at your death and if the level of cash values is of secondary importance to you. It helps you compare costs at some future point in time, such as 10 or 20 years, if you continue paying premiums on your policy and do not take its cash value.

There is another number called the Equivalent Level Annual Dividend. It shows the part dividends play in determining the cost index of a participating policy. Adding a policy's Equivalent Level Annual Dividend to its cost index allows you to compare total costs of similar policies before deducting dividends. However, if you make any cost comparisons of a participating policy with a non-participating policy, remember that the total cost of the participating policy will be reduced by dividends, but the cost of the non-participating policy will not change.

How Do I Use Cost Indexes?

The most important thing to remember when using cost indexes is that a policy with a small index number is generally a better buy than a comparable policy with a larger index number. The following rules are also important:

- (1) Cost comparisons should only be made between similar plans of life insurance. Similar plans are those which provide essentially the same basic benefits and require premium payments for approximately the same period of time. The closer policies are to being identical, the more reliable the cost comparison will be.
- (2) Compare index numbers only for the kind of policy, for your age and for the amount you intend to buy. Since no one company offers the lowest cost for all types of insurance at all ages and for all amounts of insurance, it is important that you get the indexes for the actual policy, age and amount which you intend to buy. Just because a Shopper's Guide tells you that one company's policy is a good buy for a particular age and amount, you should not assume that all of that company's policies are equally good buys.

- (3) Small differences in index numbers could be offset by other policy features, or differences in the quality of service you may expect from the company or its agent. Therefore, when you find small differences in cost indexes, your choice should be based on something other than cost.
- (4) In any event, you will need other information on which to base your purchase decision. Be sure you can afford the premiums, and that you understand its cash values, dividends and death benefits. You should also make a judgment on how well the life insurance company or agent will provide service in the future, to you as a policyholder.
- (5) These life insurance cost indexes apply to new policies and should not be used to determine whether you should drop a policy you have already owned for a while, in favor of a new one. If such a replacement is suggested, you should ask for information from the company which issued the old policy before you take action.

Life Insurance Buyer's Guide

This guide must be used in the following states:

AZ, CT, GA, IN, MO, TN & VT

This guide can show you how to save money when you shop for life insurance. It helps you to:

- Decide how much life insurance you should buy,
- Decide what kind of life insurance policy you need, and
- Compare the cost of similar life insurance policies.

Prepared by the National Association of Insurance Commissioners

Reprinted by Foresters
(June 2011)

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various Insurance Departments to coordinate insurance laws for the benefit of all consumers. You are urged to use this Guide in making a life insurance purchase.

THIS GUIDE DOES NOT ENDORSE ANY COMPANY OR POLICY.

BUYING LIFE INSURANCE

When you buy life insurance, you want a policy which fits your needs without costing too much. Your first step is to decide how much you need, how much you can afford to pay and the kind of policy you want. Then, find out what various companies charge for that kind of policy. You can find important differences in the cost of life insurance by using the life insurance cost indexes which are described in this Guide. A good life insurance agent or company will be able and willing to help you with each of these shopping steps.

If you are going to make a good choice when you buy life insurance, you need to understand which kinds are available. If one kind does not seem to fit your needs, ask about the other kinds which are described in this Guide. If you feel that you need more information than is given here, you may want to check with a life insurance agent or company or books on life insurance in your public library.

CHOOSING THE AMOUNT

One way to decide how much life insurance you need is to figure how much cash and income your dependents would need if you were to die. You should think of life insurance as a source of cash needed for expenses of final illnesses, paying taxes, mortgages or other debts. It can also provide income for your family's living expenses, educational costs and other future expenses. Your new policy should come as close as you can afford to making up the difference between (1) what your dependents would have if you were to die now, and (2) what they would actually need.

CHOOSING THE RIGHT KIND

All life insurance policies agree to pay an amount of money if you die. But all policies are not the same. There are three basic kinds of life insurance.

1. Term insurance
2. Whole life insurance
3. Endowment insurance

Remember, no matter how fancy the policy title or sales presentation might appear, all life insurance policies contain one or more of the three basic kinds. If you are confused about a policy that sounds complicated, ask the agent or company if it combines more than one kind of life insurance. The following is a brief description of the three basic kinds:

Term Insurance

Term insurance is death protection for a "term" of one or more years. Death benefits will be paid only if you die within that term of years. Term insurance generally provides the largest immediate death protection for your premium dollar.

Some term insurance policies are “renewable” for one or more additional terms even if your health has changed. Each time you renew the policy for a new term, premiums will be higher. You should check the premiums at older ages and the length of time the policy can be continued.

Some term insurance policies are also “convertible.” This means that before the end of the conversion period, you may trade the term policy for a whole life or endowment insurance policy even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Whole Life Insurance

Whole life insurance gives death protection for as long as you live. The most common type is called “straight life” or “ordinary life” insurance, for which you pay the same premiums for as long as you live. These premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term insurance policy until your later years. Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher than for ordinary life insurance since the premium payments are squeezed into a shorter period.

Although you pay higher premiums to begin with for whole life insurance than for term insurance, whole life insurance policies develop “cash values” which you may have if you stop paying premiums. You can generally either take the cash, or use it to buy some continuing insurance protection. Technically speaking, these values are called “nonforfeiture benefits.” This refers to benefits you do not lose (or “forfeit”) when you stop paying premiums. The amount of these benefits depends on the kind of policy you have, its size and how long you have owned it.

A policy with cash values may also be used as collateral for a loan. If you borrow from the life insurance company, the rate of interest is shown in your policy. Any money which you owe on a policy loan would be deducted from the benefits if you were to die, or from the cash value if you were to stop paying premiums.

Endowment Insurance

An endowment insurance policy pays a sum or income to you—the policyholder—if you live to a certain age. If you were to die before then, the death benefit would be paid to your beneficiary. Premiums and cash values for endowment insurance are higher than for the same amount of whole life insurance. Thus endowment insurance gives you the least amount of death protection for your premium dollar.

FIND A LOW COST POLICY

After you have decided which kind of life insurance fits your needs, look for a good buy. Your chances of finding a good buy are better if you use two types of index numbers that have been developed to aid in shopping for life insurance. One is called the "Surrender Cost Index" and the other is the "Net Payment Cost Index." It will be worth your time to try to understand how these indexes are used, but in any event, use them only for comparing the relative costs of similar policies. **LOOK FOR POLICIES WITH LOW COST INDEX NUMBERS.**

What is Cost?

"Cost" is the difference between what you pay and what you get back. If you pay a premium for life insurance and get nothing back, your cost for the death protection is the premium. If you pay a premium and get something back later on, such as a cash value, your cost is smaller than the premium.

The cost of some policies can also be reduced by dividends; these are called "participating" policies. Companies may tell you what their current dividends are, but the size of future dividends is unknown today and cannot be guaranteed. Dividends actually paid are set each year by the company.

Some policies do not pay dividends. These are called "guaranteed cost" or "non-participating" policies. Every feature of a guaranteed cost policy is fixed so that you know in advance what your future cost will be.

The premiums and cash values of a participating policy are guaranteed, but the dividends are not. Premiums for participating policies are typically higher than for guaranteed cost policies, but the cost to you may be higher or lower, depending on the dividends actually paid.

What Are Cost Indexes?

In order to compare the cost of policies, you need to look at:

1. Premiums
2. Cash values
3. Dividends

Cost indexes use one or more of these factors to give you a convenient way to compare relative costs of similar policies. When you compare costs, an adjustment must be made to take into account that money is paid and received at different times. It is not enough to just add up the premiums you will pay and to subtract the cash values and dividends you expect to get back. These indexes take care of the arithmetic for you. Instead of having to add, subtract, multiply and divide many numbers yourself, you just compare the index numbers which you can get from life insurance agents and companies:

1. **LIFE INSURANCE SURRENDER COST INDEX** — This index is useful if you consider the level of the cash values to be of primary importance to you. It helps you compare costs if at some future point in time, such as 10 or 20 years, you were to surrender the policy and take its cash value.

2. **LIFE INSURANCE NET PAYMENT COST INDEX** — This index is useful if your main concern is the benefits that are to be paid at your death and if the level of cash values is of secondary importance to you. It helps you compare costs at some future point in time, such as 10 or 20 years, if you continue paying premiums on your policy and do not take its cash value.

* * * * *

There is another number called the Equivalent Level Annual Dividend. It shows the part dividends play in determining the cost index of a participating policy. Adding a policy's Equivalent Level Annual Dividend to its cost index allows you to compare total costs of similar policies before deducting dividends. However, if you make any cost comparisons of a participating policy with a non-participating policy, remember that the total cost of the participating policy will be reduced by dividends, but the cost of the non-participating policy will not change.

How Do I Use Cost Indexes?

The most important thing to remember when using cost indexes is that a policy with a small index number is generally a better buy than a comparable policy with a larger index number. The following rules are also important:

(1) Cost comparisons should only be made between similar plans of life insurance. Similar plans are those which provide essentially the same basic benefits and require premium payments for approximately the same period of time. The closer policies are to being identical, the more reliable the cost comparison will be.

(2) Compare index numbers only for the kind of policy, for your age and for the amount you intend to buy. Since no one company offers the lowest cost for all types of insurance at all ages and for all amounts of insurance, it is important that you get the indexes for the actual policy, age and amount which you intend to buy. Just because a "shopper's guide" tells you that one company's policy is a good buy for a particular age and amount, you should not assume that all of that company's policies are equally good buys.

(3) Small differences in index numbers could be offset by other policy features or differences in the quality of service you may expect from the company or its agent. Therefore, when you find small differences in cost indexes, your choice should be based on something other than cost.

(4) In any event, you will need other information on which to base your purchase decision. Be sure you can afford the premiums, and that you understand its cash values, dividends and death benefits. You should also make a judgment on how well the life insurance company or agent will provide service in the future, to you as a policyholder.

(5) These life insurance cost indexes apply to new policies and should not be used to determine whether you should drop a policy you have already owned for awhile, in favor of a new one. If such a replacement is suggested, you should ask for information from the company which issued the old policy before you take action.

IMPORTANT THINGS TO REMEMBER – A SUMMARY

The first decision you must make when buying a life insurance policy is choosing a policy whose benefits and premiums most closely meet your needs and ability to pay. Next, find a policy which is also a relatively good buy. If you compare Surrender Cost Indexes and Net Payment Cost Indexes of similar competing policies, your chances of finding a relatively good buy will be better than if you do not shop. **REMEMBER, LOOK FOR POLICIES WITH LOWER COST INDEX NUMBERS.** A good life insurance agent can help you to choose the amount of life insurance and kind of policy you want and will give you cost indexes so that you can make cost comparisons of similar policies.

Don't buy life insurance unless you intend to stick with it. A policy which is a good buy when held for 20 years can be very costly if you quit during the early years of the policy. If you surrender such a policy during the first few years, you may get little or nothing back and much of your premium may have been used for company expenses.

Read your new policy carefully, and ask the agent or company for an explanation of anything you do not understand. Whatever you decide now, it is important to review your life insurance program every few years to keep up with changes in your income and responsibilities.

APPENDIX A

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

(This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.)

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ___ YES ___ NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ___ YES ___ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. (If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer.) Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

3. The existing policy or contract is being replaced because _____

IMPORTANT NOTICE: REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

(This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.)

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ___ YES ___ NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ___ YES ___ NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

IMPORTANT NOTICE:

To be read aloud to the applicant unless he or she has initialed the preceding page indicating he or she does not want this notice read aloud.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable?

Could they change?

You're older -- are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid, you will incur costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (See your tax advisor.)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

IMPORTANT NOTICE:

To be read aloud to the applicant unless he or she has initialed the preceding page indicating he or she does not want this notice read aloud.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable?

Could they change?

You're older -- are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid, you will incur costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (See your tax advisor.)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

Foresters™ Secondary Addressee Designation Form

A certificate owner can designate a secondary addressee who would also receive prior notice related to the cancellation of an insurance certificate in the event of non-payment of premiums.

If you would, at this time, like to designate a secondary addressee to receive such notice, complete this form and return it with the application.

If you choose not to designate a secondary addressee at this time, no further action is required. However, you should keep this form with the certificate, if any, that is issued as a result of the application, as you can use it to designate a secondary addressee at a later date.
