

LEAVE WITH APPLICANT ACCELERATED BENEFIT SUMMARY AND DISCLOSURE STATEMENT

EFFECTIVE DATE – The Accelerated Benefit Endorsement effective date is the same as the Policy Date shown in the Policy Schedule.

PREMIUM – There is no cost for this Endorsement.

The accelerated death benefits provided under the endorsement of this life insurance Policy may provide benefits to pay for long-term care services but are NOT part of a long-term care or nursing home insurance Policy and the amount these products pay may not be enough to cover your medical, nursing home or other bills. Accelerated Death Benefit Payments used to pay for long-term care services are subject to limits imposed by the federal government and any amounts received in excess of these limits are includible in taxable income. You may use the money you receive as an accelerated death benefit for any purpose. Unlike conventional life insurance proceeds, amounts payable as accelerated death benefits **COULD BE TAXABLE UNDER SOME CIRCUMSTANCES**. We recommend that you consult your personal tax advisor prior to electing an accelerated death benefit.

If you already have long-term care insurance, Medicaid, or similar coverage, you should consider whether the accelerated death benefits provided under this Policy are suitable for your needs. Receipt of accelerated death benefits under this Policy **MAY AFFECT YOUR ELIGIBILITY FOR MEDICAID, SUPPLEMENTAL SECURITY INCOME (“SSI”), OR OTHER GOVERNMENT BENEFITS OR ENTITLEMENTS**. Contact the Medicaid Unit of your local Department of Public Welfare and the Social Security Administration Office for more information.

BENEFIT – Under the terms of the Endorsement, we will provide a payment of this Benefit during the lifetime of the Insured if the Insured develops a terminal illness. This will be an advance on the death benefit of this Policy. Payment of an Accelerated Benefit will reduce the amount of proceeds payable to your beneficiary.

The maximum amount of accelerated benefit payable is 75% of the Death Benefit (not to exceed \$250,000) of this Policy. Benefits will not be paid more than once for any terminal illness.

EFFECT OF THE BENEFIT – The Policy will stay in force. You must pay any required premium when due unless premiums are being waived under a waiver of premium rider. Where applicable, cash values and loan balances and paid-up insurance will be reduced in the same proportion as the amount of benefit paid under this Endorsement. The amount of insurance is the amount of life insurance coverage provided by the Policy to which this Endorsement is attached and may be defined in the policy as “Specified Amount”, “Face Amount” or “Amount of Insurance”.

NOTICE AND PROOF OF CLAIM – To apply for this benefit, You must send Us the following:

1. Your written election of this option;
2. Your written designation of us as an irrevocable beneficiary for the portion of the policy death benefit proceeds equal to the Amount of the Accelerated Benefit;
3. Proof acceptable to us from a licensed physician other than the Insured or a member of his immediate family that:
 - a. The Insured has been diagnosed as having a terminal illness;
 - b. Such terminal illness was first diagnosed while the Insured was covered under this policy; and
 - c. Such terminal illness is expected to result in death within two years.

We may require a second opinion and examination of the Insured at our expense by a physician designated by us.

We must receive a signed consent from any irrevocable beneficiaries and any assignees.

REINSTATEMENT OF ENDORSEMENT – If the base Policy terminated and is reinstated, the Endorsement may be included with the reinstated Policy, providing it was in force at the time of the Policy's termination.

Inquiries regarding this Summary should be directed to your agent, or to Us at:

**North American Company for Life and Health Insurance
Administrative Office
P.O. Box 5088
Sioux Falls, South Dakota 57117-5088**

Unless otherwise provided in the election of this option, the Payee may neither commute, anticipate, assign, alienate nor otherwise encumber any payment under this option. Proceeds under the policy and any rider and any payment under this endorsement will be exempt from the claims of creditors and from legal process to the extent permitted by law.

ACCELERATED BENEFIT SUMMARY AND DISCLOSURE STATEMENT For Chronic Illness Accelerated Benefit Rider

EFFECTIVE DATE – The Chronic Illness Accelerated Benefit Rider takes effect on the Policy Date.

PREMIUM – There is no additional cost for the Chronic Illness Accelerated Benefit Rider provided under this life insurance Policy. However, an administrative fee is required when an Accelerated Benefit Payment is made.

The Accelerated Benefits provided under the Rider of this life insurance Policy may provide benefits to pay for long-term care services but are NOT part of a long-term care or nursing home insurance Policy and the amount these products pay may not be enough to cover Your medical, nursing home or other bills. Accelerated Benefit Payments used to pay for long-term care services are subject to limits imposed by the federal government and any amounts received in excess of these limits are includible in taxable income. You may use the money You receive as an Accelerated Benefit for any purpose. Unlike conventional life insurance proceeds, amounts payable as Accelerated Benefits COULD BE TAXABLE UNDER SOME CIRCUMSTANCES. We recommend that You consult Your personal tax advisor prior to electing an Accelerated Benefit.

If You already have long-term care insurance, Medicaid, or similar coverage, You should consider whether the Accelerated Benefits provided under this Rider are suitable for Your needs. Receipt of Accelerated Benefits under this Rider MAY AFFECT YOUR ELIGIBILITY FOR MEDICAID, SUPPLEMENTAL SECURITY INCOME (“SSI”), OR OTHER GOVERNMENT BENEFITS OR ENTITLEMENTS. Contact the Medicaid Unit of Your local Department of Public Welfare and the Social Security Administration Office for more information.

BENEFIT

Upon written request by the owner (“You”) of the Policy, the company will pay an Accelerated Benefit described below, subject to the limitations and requirements outlined in this Rider. Any assignee or Irrevocable Beneficiary must consent before We make an Accelerated Benefit Payment. The maximum Death Benefit that We will accelerate on the Policy is \$1,000,000 under this Rider and any other Accelerated Benefit Rider or Endorsement attached to the Policy.

Under this Rider and while this Rider is in effect, You may elect to receive advancement of the Death Benefit, if the Insured has been Chronically Ill.

An Insured qualifies as being Chronically Ill if the Physician has certified within the last 12 months that the Insured:

1. Is permanently unable to perform, for at least 90 consecutive days, without Substantial Assistance from another person, at least two Activities of Daily Living; or
2. Requires Substantial Supervision by another person to protect oneself from threats to health and safety due to Severe Cognitive Impairment.

Activities of Daily Living are: Bathing, Contenance, Dressing, Eating, Toileting, or Transferring.

Substantial Assistance means stand-by or hands-on assistance from another person without which the Insured receiving such assistance would be unable to perform Activities of Daily Living.

Stand-by assistance means the presence of another person within arm's reach of the Insured that is necessary to prevent, by physical intervention, injury to the Insured while he/she is performing Activities of Daily Living. Hands-on assistance means the direct physical assistance of another person.

Substantial Supervision means requiring continual supervision by another person to protect the Insured from threats to health or safety due to Severe Cognitive Impairment and may include cueing by verbal prompting, gestures, or other similar demonstrations.

Severe Cognitive Impairment means deterioration or loss of intellectual capacity that is measured by clinical evidence and standardized tests, which reliably measure impairment in:

1. Short-term or long-term memory; or
2. Orientation to people, places, or time; or
3. Deductive or abstract reasoning; or
4. Judgment as it relates to safety awareness.

The minimum Accelerated Death Benefit at each Election, except the Final Election, is the smaller of 5% of the Death Benefit on the Initial Election Date or \$75,000.

The maximum Accelerated Death Benefit at each Election is the smaller of 24% of the Death Benefit on the Initial Election Date, or \$240,000. This amount may be smaller for a Final Election.

The Accelerated Benefit Payment (Payment) will be determined as of each Election Date. Each Payment will be paid in a lump sum, unless a Periodic Payment is chosen.

Under a Periodic Payment, We will divide the Payment into equal Periodic Payments that will be paid in lieu of a lump sum Payment. The Periodic Payments offered by this Rider are semi-annual payments.

Since the Accelerated Death Benefit is paid prior to death, the Payment received will be reduced by a discount factor and will be less than the amount accelerated.

A Final Election is available if the maximum Accelerated Death Benefit at the time of the Election is greater than the remaining Death Benefit in the Policy, minus the Residual Death Benefit. To make a Final Election, You must choose to accelerate all remaining Death Benefit in Your Policy minus the Residual Death Benefit. The Payment must first be applied to repay any Policy Debt.

Residual Death Benefit – Upon the death of the Insured, We will pay the Beneficiary any remaining portion of the Death Benefit that We have not accelerated to the Owner under this Rider. If a Final Election has occurred, the Residual Death Benefit will be paid to the Beneficiary in a lump sum upon due proof of the death of the Insured. The Residual Death Benefit will be the greater of 5% of the Death Benefit on the Initial Election Date or \$10,000.

EFFECT OF THE BENEFIT

Accelerated Benefits paid under this Rider will reduce the Policy's Death Benefit, Specified Amount and Policy values, if any, which include but are not limited to the Account Value, Surrender Value, and amount available for loan.

You may obtain Policy loans as described under the loan provisions of the Policy. A portion of the Accelerated Benefit Payment will be used to repay any Policy Debt. Following a Final Election, Policy loans are not available.

After the Initial Election Date, no additional Riders or Endorsements may be added to the Policy to which this Rider is attached.

While an Election is in effect, Partial Surrenders are not available. If the total Accelerated Death Benefits received under this Rider are equal to or greater than the Cumulative Accelerated Benefits Percentage, shown in the Schedule of Policy Benefits for this Rider, multiplied by the Death Benefit on the Initial Election Date, Partial Surrenders are not available for the remaining life of this Policy.

While an Election is in effect, You cannot elect to increase or decrease the Specified Amount or change the Death Benefit Option on the Policy. If the total Accelerated Death Benefits received under this Rider are equal to or greater than the Cumulative Accelerated Benefit Percentage, shown in the Schedule of Policy Benefits for this Rider, multiplied by the Death Benefit on the Initial Election Date, You cannot elect to increase or decrease the Specified Amount or change the Death Benefit Option for the remaining life of this Policy.

If You elect to increase the Specified Amount or change from a Level Death Benefit Option to an Increasing Death Benefit Option while this Rider is in effect, but the evidence of insurability is not satisfactory to meet the requirements for this Rider, the total Death Benefit that We will accelerate on the Policy under this Rider will be limited to the Death Benefit immediately prior to the increase or change in the Death Benefit Option.

If You have enacted a Policy provision or Rider or Endorsement, which restricts You from making any changes to Your Death Benefit, You may not elect Accelerated Benefits under this Rider. This includes any restrictions specified by a Policy provision or Rider or Endorsement, which provide over-loan protection.

Upon a Final Election, all Riders and Endorsements attached to the Policy, except this Rider, will terminate on the final Election Date. A sample illustration of the Impact of Accelerated Benefits on a Policy is given on the following page.

Illinois Life Insurance Buyer's Guide

This guide can show you how to save money when you shop for life insurance. It helps you to:

- Decide how much life insurance you should buy,
- Decide what kind of life insurance policy you need, and
- Compare the relative cost of similar life insurance policies.

This guide has been prepared by the Illinois Department of Insurance, in part using materials developed by National Association of Insurance Commissioners.

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various State Insurance Departments to coordinate insurance laws for the benefit of all consumers. You are urged to use this Guide in making a life insurance purchase.

THIS GUIDE DOES NOT ENDORSE ANY COMPANY OR POLICY

BUYING LIFE INSURANCE

When you buy life insurance, you want a policy which fits your needs without costing too much. Your first step is to decide how much you need, how much you can afford to pay and the kind of policy you want. Then, find out what various companies charge for that kind of policy. You can find important differences in the cost of life insurance by using the life insurance cost indexes which are described in this Guide. A good life insurance agent or company will be able and willing to help you with each of these shopping steps.

If you are going to make a good choice when you buy life insurance, you need to understand which kinds are available. If one kind does not seem to fit your needs, ask about the other kinds which are described in this Guide. If you feel that you need more information than is given here, you may want to check with a life insurance agent or company or books on life insurance in your public library. Life insurance can be bought either on an individual basis or on a group basis. Group insurance may be inexpensive when compared to individual insurance. It is important to remember that insurance purchased on this basis is usually term insurance, and hence will not develop cash values, and is dependent on your continued membership in the group or employment. Also, the amount of insurance that is available for purchase is usually limited.

CHOOSING THE AMOUNT

One way to decide how much life insurance you need is to figure how much cash and income your dependents would need if you were to die. Life insurance can provide cash for last expenses, and income for your family's future living expenses. Your insurance should come as close as you can afford to make up the difference between (1) what your dependents would have if you were to die now, and (2) what they would actually need at some time in the future when needs change.

CHOOSING THE RIGHT KIND

All life insurance policies agree to pay an amount of money if you die. But all policies are not the same. There are three basic kinds of life insurance:

1. TERM INSURANCE
2. WHOLE LIFE INSURANCE
3. ENDOWMENT INSURANCE

The kind of life insurance you purchase is dependent on the need you are trying to satisfy. Some needs are temporary, i.e. do not exist throughout your life, while other needs are permanent. As an example, the need to finance your children's education is a temporary need. The need to meet mortgage payments is also a temporary need since it exists only while the mortgage exists. On the other hand, the financial needs of your family after your death is a permanent need.

Remember, no matter how fancy the policy title or sales presentation might appear, all life insurance policies contain one or more of the three basic kinds. If you are confused about a policy that sounds complicated, ask the agent if it combines more than one kind of life insurance. The following is a brief description of the three basic kinds:

Term Insurance

Term insurance is death protection for a "term" of one or more years. Death benefits will be paid only if you die within that term of years. Term insurance generally provides the largest immediate death protection for your premium dollar.

Some term insurance policies are "renewable" for one or more additional terms even if your health has changed. Each time you renew the policy for a new term, premiums will be higher. You should check the premiums at older ages and the length of time the policy can be continued.

Some term insurance policies are also "convertible." This means that before the end of the conversion period, you may trade the term policy for a whole life or endowment insurance policy even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Whole Life Insurance

Whole life insurance gives death protection for as long as you live. The most common type is called "straight life" or "ordinary life" insurance, for which you pay the same premiums for as long as you live. These premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term insurance policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher than for ordinary life insurance since the premium payments are squeezed into a shorter period.

Although you pay higher premiums, to begin with, for whole life insurance than for term insurance, whole life insurance policies develop "cash values" which you may have if you stop paying premiums. You can generally either take the cash, or use it to buy some continuing insurance protection. Technically speaking, these values are called "nonforfeiture benefits." This refers to benefits you do not lose (or "forfeit") when you stop paying premiums. The amount of these benefits depends on the kind of policy you have, its size, and how long you have owned it.

A policy with cash values may also be used as collateral for a loan. If you borrow from the life insurance company, the rate of interest is shown in your policy. Any money which you owe on a policy loan would be deducted from the benefits if you were to die, or from the cash value if you were to stop paying premiums.

Endowment Insurance

An endowment insurance policy pays a sum or income to you – the policyholder -- if you live to a certain age. If you were to die before then, the death benefit would be paid to your beneficiary. Premiums and cash values for endowment insurance are higher than for the same amount of whole life insurance. Thus endowment insurance gives you the least amount of death protection for your premium dollar.

FINDING OUT A LOW COST POLICY

After you have decided which kind of life insurance fits your needs, look for a good buy. YOUR CHANCES OF FINDING A GOOD BUY ARE BETTER IF YOU USE TWO TYPES OF INDEX NUMBERS THAT HAVE BEEN DEVELOPED TO AID IN SHOPPING FOR LIFE INSURANCE. One is called the "Surrender Cost Index" and the other is the "Net Payment Cost Index." It will be worth your time to try to understand how these indexes are used, but in any event, use them ONLY for comparing the relative costs of similar policies. LOOK FOR POLICIES WITH LOW COST INDEX NUMBERS.

WHAT IS COST?

"Cost" is the difference between what you pay and what you get back. If you pay a premium for life insurance and get nothing back, your cost for the death protection is the premium. If you pay a premium and get something back later on, such as a cash value, your cost is smaller than the premium.

The cost of some policies can also be reduced by dividends; these are called "participating" policies. Companies may tell you what their current dividends are, but the size of future dividends is unknown today and cannot be guaranteed. Dividends actually paid are set each year by the company.

Some policies do not pay dividends. These are called "guaranteed cost" or "non-participating" policies. Every feature of a guaranteed cost policy is fixed so that you know in advance what your future cost will be.

The premiums and cash values of a participating policy are guaranteed, but the dividends are not. Premiums for participating policies are typically higher than for guaranteed cost policies, but the cost to you may be higher or lower, depending on the dividends actually paid.

WHAT ARE COST INDEXES?

In order to compare the cost of policies, you need to look at:

1. Premiums
2. Cash Values
3. Dividends

Cost indexes use one or more of these factors to give you a convenient way to compare relative costs of similar policies. When you compare costs, an adjustment must be made to take into account that money is paid and received at different times. It is not enough to just add up the premiums you will pay and to subtract the cash values and dividends you expect to get back. These indexes take care of the arithmetic for you. Instead of having to add, subtract, multiply and divide many numbers yourself, you just compare the index numbers which you can get from life insurance agents and companies:

1. LIFE INSURANCE SURRENDER COST INDEX

This index is useful if you consider the level of the cash values to be of primary importance to you. It helps you compare costs if at some future point in time, such as 10 or 20 years, you were to surrender the policy and take its cash value.

2. LIFE INSURANCE NET PAYMENT COST INDEX

This index is useful if your main concern is the benefits that are to be paid at your death and if the level of cash values is of secondary importance to you. It helps you compare costs at some future point in time, such as 10 or 20 years, if you continue paying premiums on your policy and do not take its cash value.

There is another number called the Equivalent Level Annual Dividend. It shows the part dividends play in determining the cost index of a participating policy. Adding a policy's Equivalent Level Annual Dividend to its cost index allows you to compare total costs of similar policies before deducting dividends. However, if you make any cost comparisons of a participating policy with a non-participating policy, remember that the total cost of the participating policy will be reduced by dividends, but the cost of the non-participating policy will not change.

HOW DO I USE COST INDEXES?

The most important thing to remember when using cost indexes is that a policy with a small index number is generally a better buy than a comparable policy with a larger index number. The following rules are also important:

- (1) Cost comparisons should only be made between similar plans of life insurance. Similar plans are those which provide essentially the same basic benefits and require premium payments for approximately the same period of time. The closer

policies are to being identical, the more reliable the cost comparison will be.

- (2) Compare index numbers only for the kind of policy, for your age and for the amount you intend to buy. Since no one company offers the lowest cost for all types of insurance at all ages and for all amounts of insurance, it is important that you get the indexes for the actual policy, age and amount which you intend to buy. Just because a "Shopper's Guide" tells you that one company's policy is a good buy for a particular age and amount, you should not assume that all of that company's policies are equally good buys.
- (3) Small differences in index numbers could be offset by other policy features, or differences in the quality of service you may expect from the company or its agent. Therefore, when you find small differences in cost indexes, your choice should be based on something other than cost.
- (4) In any event, you will need other information on which to base your purchase decision. BE SURE YOU CAN AFFORD THE PREMIUMS, AND THAT YOU UNDERSTAND ITS CASH VALUES, DIVIDENDS AND DEATH BENEFITS. You should also make a judgment on how well the life insurance company or agent will provide service in the future, to you as a policyholder.
- (5) These life insurance cost indexes apply to new policies and should not be used to determine whether you should drop a policy you have already owned for awhile, in favor of a new one. If such a replacement is suggested, you should ask for information from the company which issued the old policy before you take action.
- (6) An important fact to note is the difference in premium payments paid during one year's time based on an annual premium versus the annualized periodic premium. For example, if you choose to pay premiums on a monthly basis, the annualized periodic premium would be twelve (12) times the monthly premium. There may be a significant difference between the annualized periodic premium and the annual premium and it should be considered when deciding on a payment schedule.

IMPORTANT THINGS TO REMEMBER -A SUMMARY -

The first decision you must make when buying a life insurance policy is choosing a policy whose benefits and premiums most closely meet your needs and ability to pay. Next, find a policy which is also a relatively good buy. If you compare Surrender Cost Indexes and Net Payment Cost Indexes of similar competing policies, your chances of finding a relatively good buy will be better than if you do not shop. REMEMBER, LOOK FOR POLICIES WITH LOWER COST INDEX NUMBERS. A good life insurance agent can help you to choose the amount of life insurance and kind of policy you want and will give you cost indexes so that you make cost comparisons of similar policies.

DON'T BUY LIFE INSURANCE UNLESS YOU INTEND TO STICK WITH IT. A policy which is a good buy when held for 20 years can be very costly if you quit during the early years of the policy. If you surrender such a policy during the first few years, you may get little or nothing back and much of your premium may have been used for company expenses.

Read your new policy carefully, and ask the agent or company for an explanation of anything you do not understand. Whatever you decide now, it is important to review your life insurance program every few years to keep up with changes in your income and responsibilities.
