ACCELERATED DEATH BENEFIT SUMMARY and DISCLOSURE STATEMENT

EFFECTIVE DATE – The Accelerated Death Benefit Endorsement takes effect on the Policy Date.

PREMIUM – There is no additional premium charge for the Accelerated Death Benefit Endorsement provided under this life insurance Policy. However, there is an administrative fee when an Accelerated Death Benefit Payment is made.

The accelerated death benefits provided under the endorsement of this life insurance Policy may provide benefits to pay for long-term care services but are NOT part of a long-term care or nursing home insurance Policy and the amount these products pay may not be enough to cover your medical, nursing home or other bills. Accelerated Death Benefit Payments used to pay for long-term care services are subject to limits imposed by the federal government and any amounts received in excess of these limits are includible in taxable income. You may use the money you receive as an accelerated death benefit for any purpose. Unlike conventional life insurance proceeds, amounts payable as accelerated death benefits **COULD BE TAXABLE UNDER SOME CIRCUMSTANCES**. We recommend that you consult your personal tax advisor prior to electing an accelerated death benefit.

If you already have long-term care insurance, Medicaid, or similar coverage, you should consider whether the accelerated death benefits provided under this Policy are suitable for your needs. Receipt of accelerated death benefits under this Policy **MAY AFFECT YOUR ELIGIBILITY FOR MEDICAID, SUPPLEMENTAL SECURITY INCOME (“SSI”), OR OTHER GOVERNMENT BENEFITS OR ENTITLEMENTS**. Contact the Medicaid Unit of your local Department of Public Welfare and the Social Security Administration Office for more information.

THE BENEFIT AND ITS EFFECT ON POLICY PROVISIONS

Upon written request by the owner (“You”) of the Policy, the company will pay an Accelerated Death Benefit described below, subject to the limitations and requirements outlined in the Accelerated Death Benefit Endorsement. Any assignee or Irrevocable Beneficiary must consent before we make an Accelerated Death Benefit Payment. The maximum Accelerated Death Benefit that We will accelerate on the Policy is \$1,000,000. Accelerated Death benefits paid under this Endorsement will reduce the Policy’s Death Benefit and Policy values, if any, which include but are not limited to the Account Value, Net Cash Surrender Value, and loan value.

Accelerated Death Benefit for Terminal Illness: You may elect to receive advancement of the Death Benefit when the Survivor or Insured has a Terminal Illness while this Endorsement is in effect. A Survivor or Insured qualifies as being Terminally Ill if a Medical Practitioner has certified that the Survivor or Insured’s life expectancy is 24 months or less.

The minimum Accelerated Death Benefit for Terminal Illness is the lesser of 10% of the Death Benefit on the Election Date or \$100,000.

The maximum Accelerated Death Benefit for Terminal Illness is the lesser of 75% of the Death Benefit on the Election Date or \$750,000.

The Accelerated Benefit Payment (hereinafter “Payment”) will be determined upon Your election. Payment will be paid in a lump sum. We will pay the present value of the Policy Death Benefit that is being accelerated (the Accelerated Death Benefit). An actuarial discount based on mortality and interest will be applied to the Accelerated Death Benefit. This discount reflects the early payment of the Death Benefit that is being accelerated.

We will waive the Monthly Deductions following the Election of Accelerated Death Benefits for Terminal Illness. Upon Election, all Riders and Endorsements attached to the Policy will continue to be effective subject to the terms and conditions of each Rider or Endorsement. After You receive Accelerated Death Benefits for Terminal Illness under this Endorsement and as stated in Your Policy, You may take Withdrawals; elect to increase or decrease the Specified Amount or change the Death Benefit Option; and You may obtain loans as described under the Policy loan provision. A portion of the Accelerated Death Benefit Payment will be used to reduce any Policy Debt.

Only one election can be made for Terminal Illness under this Endorsement. If the Survivor or Insured dies after You elect to receive Accelerated Death Benefits under this Endorsement, but before any Accelerated Death Benefit Payment is made, the Election will be cancelled and the Death Benefit will be paid as described in Your Policy.

Accelerated Death Benefit for Chronic Illness (if available)¹: You may elect to receive advancement of the Accelerated Death Benefits when the Survivor or Insured is Chronically Ill while this Endorsement is in effect.

A Survivor or Insured qualifies as being Chronically Ill if a Medical Practitioner has certified within the last 12 months that the Survivor or Insured:

1. Is permanently unable to perform for at least 90 consecutive days, without Substantial Assistance from another person, at least two Activities of Daily Living; "90 consecutive days" includes consecutive days immediately prior to the Policy being in effect; or
2. Requires Substantial Supervision by another person to protect oneself from threats to health and safety due to Severe Cognitive Impairment.

Activities of Daily Living are: bathing, continence, dressing, eating, toileting, or transferring.

Severe Cognitive Impairment means deterioration or loss of intellectual capacity that is measured by clinical evidence and standardized tests which reliably measure impairment in:

1. Short-term or long-term memory; or
2. Orientation to people, places, or time; or
3. Deductive or abstract reasoning.

The minimum Accelerated Death Benefit for Chronic Illness, at each Election, except the Final Election, is the smaller of 5% of the Policy Death Benefit on the Initial Election Date or \$50,000.

You can accelerate an amount less than the minimum Accelerated Death Benefit for Chronic Illness allowed if it is necessary to do so to comply with the \$1,000,000 maximum Accelerated Death Benefit limitation for this Endorsement.

The maximum Accelerated Death Benefit for Chronic Illness, at each Election, is the smaller of 24% of the Policy Death Benefit on the initial Election Date, or \$240,000. This amount may be smaller for a Final Election.

The Accelerated Benefit Payment will be determined as of each Election Date. Each Payment will be paid in a lump sum, unless a Periodic Payment is chosen by You. We will pay the present value of the Policy Death Benefit that is being accelerated (the Accelerated Death Benefit). An actuarial discount based on mortality and interest will be applied to the Accelerated Death Benefit. This discount reflects the early payment of the Death Benefit that is being accelerated.

Under a Periodic Payment, We will divide the Accelerated Death Benefit Payment into equal Periodic Payments that will be paid in lieu of a lump sum payment. You may select to receive Periodic Payments as frequently as once each month.

A Final Election is available if the maximum Chronic Illness Accelerated Death Benefit at the time of Election is greater than the remaining Death Benefit in the Policy, minus the Residual Death Benefit. A Final Election occurs when You accelerate all of the Death Benefit in Your Policy, minus the Residual Death Benefit. The Payment must first be applied to pay off any Policy Debt to Us.

Residual Death Benefit is the greater of 5% of the Policy Death Benefit on the Initial Election Date or \$10,000. The Residual Death Benefit only applies to benefits for Chronic Illness.

We will waive the Monthly Deductions while a Chronic Illness Election is in effect (12 months following the Election Date) immediately prior to the Initial Election Date if the Death Benefit does not exceed \$1,000,000. If the Death Benefit immediately prior to the initial Election Date exceeds \$1,000,000, while an Election is in effect the Monthly Deductions will be multiplied by the specified ratio, as stated in the Endorsement. Monthly Deductions will stop being waived when an Election is no longer in effect.

In addition, while the Chronic Illness Election is in effect and as stated in Your Policy, You cannot take Withdrawals; cannot elect to increase or decrease the Specified Amount or change the Death Benefit Option; and after any Election, other than a Final Election, You may obtain loans as described under the Policy Loan provisions of the Policy. On the Election Date, the Policy Debt and the Accelerated Death Benefit Payment will be reduced by the Debt Repayment Amount. Following a Final Election, Policy Loans are not available.

Upon any Election other than a Final Election, all Riders and Endorsements attached to the Policy will continue to be effective subject to the terms and conditions of each Rider or Endorsement. Upon a Final Election, all Riders and Endorsements, except this Endorsement, attached to the Policy will terminate on the Final Election date. After the Initial Election Date, no additional Riders or Endorsements may be added to the Policy to which this Endorsement is attached.

A Chronic Illness Election is effective for 12 months starting from the Election Date and only one Election can be made in this 12-month period. If the Survivor or Insured dies after You elect to receive Accelerated Death Benefits, but before the payment is made, the Election will be cancelled and the Death Benefit will be paid as described in Your Policy. If the Survivor or Insured dies before all Periodic Payments are paid, We will pay the Death Benefit in lieu of the remaining Accelerated Death Benefit Payments. If a Final Election has occurred, the Residual Death Benefit will be paid to the Beneficiary in a lump sum upon due proof of death of the Survivor or Insured.

¹ Proposed Insureds are subject to underwriting eligibility requirements to qualify for the Chronic Illness benefit of the Accelerated Death Benefit Endorsement. If a Proposed Insured does not meet the underwriting eligibility requirements, only the Accelerated Death Benefits Endorsement for Terminal Illness is available.

The policy for which you have applied is not registered as a security. Therefore, purchasing this indexed life insurance policy is not the same as making an investment directly in the stock market. This summary is not intended to be a full description of the policy. Please refer to your policy when issued for complete details and definitions.

2. The Dow Jones Industrial AverageSM (DJIASM) Composite Stock Price Index
3. The Nasdaq-100[®] Stock Price Index
4. The S&P MidCap 400[®]

6. The Dow Jones EURO STOXX 50[®]
7. Uncapped S&P 500[®]
8. Multi-Index Group

INDEX CREDITING METHODS

The earnings credited to the selected Index(es) are calculated through the use of either the Daily Averaging method, the Annual Point-to-Point method, the Monthly Point-to-Point method. No Index Credits will be applied until the end of the Index Period and money withdrawn or surrendered prior to this time will not receive Index Credits.

- When the **Daily Averaging** method is chosen, the Index change is determined by calculating the difference between the Index Value on the first day of the Index Period and the average Index Value throughout the Index Period. The Index change is subject to the Index Participation Rate, Index Cap Rate, and Index Floor Rate. The Index Credit, if any, is credited and locked in at the end of the Index Period. The Daily Averaging crediting method is available for the S&P 500[®], S&P MidCap 400[®], Russell 2000[®] and DJIASM.
- When the **Annual Point-to-Point** method is chosen, the Index credit is determined by calculating the change between the Index Value on the first day of the Index Period and last day of the Index Period. The Index growth is subject to the Index Cap Rate and any earnings are credited and locked in at the end of the 12 month Index Period. The rate credited will never be less than zero percent. The Annual Point-to-Point crediting method is available for the S&P 500[®], S&P MidCap 400[®], Russell 2000[®], DJIASM, Dow Jones EURO STOXX 50[®], and NASDAQ-100[®].
- When the **Monthly Point-to-Point** method is chosen, the Index credit is determined by calculating the 12 Monthly Index Returns which are determined by the change in the Index during the month. The Monthly Index Return can not be greater than the Monthly Cap Rate and it can be a negative number. At the end of the 12 month Index Period, the 12 preceding Monthly Index Returns are added together to determine the Index Credit which is credited and locked in. The rate credited at the end of the Index Segment will never be less than zero percent, and will never be greater than 12 times the Monthly Cap Rate. The Monthly Point to Point crediting method is available for the S&P 500[®].

Copy 1 - Administrative Office, Copy 2 - Applicant, Copy 3 – Agent

- When the **Multi-Index Annual Point-to-Point** method is chosen, the Index credit is determined by calculating a Multi-Index change between the first day of the Index Period and the last day of the Index Period. The Multi-Index change uses the following three indices – S&P 500[®], Dow Jones EURO STOXX 50[®] and Russell 2000[®]. The annual point-to-point Index growth from each of the three individual indices derives the Multi-Index change. 50% of the best performing Index growth plus 30% of the second best performing Index growth plus 20% of the third best performing Index growth equals the Multi-Index change. The Multi-Index change is subject to the Index Cap Rate and any earning are credited and locked in at the end of the 12 month Index Period. The rate credited will never be less than zero percent.

HIV ANTIBODY TEST INFORMATION FOR INSURANCE APPLICANT

To evaluate your insurability, the above named insurer has requested you be tested to see if you have been infected with HIV, the virus that causes AIDS. Please read the following and ask for an oral explanation of anything that you do not understand.

Purpose of Test: This test shows if you have antibodies to the Human Immunodeficiency virus (HIV) that causes AIDS; if there are antibodies, you have been infected with HIV and can pass the virus on to others. This test cannot determine if you have AIDS.

Potential Uses of Test: If your HIV antibody test results are known, it may help your doctor determine the medical care you need. It may also help you make personal decisions, such as whether to have children and how best to avoid the risk behaviors that transmit the virus. Your results are reported to the Montana Department of Health and Environmental Sciences (DHES), but only positives or negatives; no name is attached. If testing for insurance, refer to insurance company testing section.

Counseling: At a minimum, counseling in the form of written materials developed by the DHES must be given to you before you consent to have the HIV antibody test performed and additional written materials from DHES must be provided to you after you receive the test results from your health care provider or designee.

Voluntary and Anonymous Testing: Taking an HIV antibody test is voluntary; you do not have to take the test. If you prefer, anonymous testing in which your name is not known to those performing the test is available at several locations established by the DHES in Montana. These locations can be obtained from the DHES, your local health department or calling 1-800-233-6668. (Refer to insurance section.)

Withdrawal of Consent: You may withdraw your consent for the HIV test at any time until the blood or lab specimen is taken.

Confidentiality: Your test result is a confidential medical record and is protected by Montana law, which states that medical information can be released only with your consent, or under conditions specified by the Uniform Health Care Act (Title 50, Chapter 16, Part 5, MCA) or by the Government Health Care Act (Title 50, Chapter 16, Part 6, MCA). When authorizing a health care provider to release information you may specify which part of your medical records you may want released and to whom. Signing a medical information release consent form does not waive your legal rights.

Local Health Department and Insurance Company Testing: If the test is being performed as part of an application for insurance, results will be reported to the health care provider designated by you, if it is positive. A negative test may be obtained from your insurance company. (If there is no health care provider designated, a positive test result may be reported to the local health department for post-test counseling.) A positive test result may have an effect on your ability to obtain insurance. Ask your insurance representative about who receives and has access to your HIV antibody test results.

Where can I get the HIV test?

Most county health departments and family planning clinics in Montana provide HIV tests and counseling. Doctors and clinics may do HIV tests, too.

Two ways to get an HIV test

You can choose the kind of test that you are most comfortable with:

ANONYMOUS – You may want to get an HIV test without giving your name. You don't have to give your name when you get a test at the places listed on the back of this brochure. Results can only be given to you in person and you are the only person who will know your results.

CONFIDENTIAL – You can also get an HIV test confidentially,- your name will be recorded on your medical forms. Confidential tests are offered in many doctor's offices and clinics in Montana.

The Consent Form

You decide whether or not to be tested. If you choose to be tested, you may be asked to sign a consent form before being tested.

Who Should Get an HIV Test?

What is HIV?

HIV is a virus. It weakens your body's ability to fight off sickness; HIV is the virus that can cause AIDS. A person with HIV may not know he or she has it. HIV can pass from one person to another through blood, semen (curn), vaginal fluids and breast milk.

What is the test?

The only way to know whether you have HIV is by having an HIV test. A test sample is taken to look for HIV antibodies.

HIV antibodies are made when a person is infected with HIV. These tests look for HIV antibodies to learn if someone is infected.

This is not a test for AIDS, it only means that you have been infected with HIV and can develop AIDS in the future.

Types of Tests

OraQuick Rapid - A 20 minute test using a fingerstick drop or blood or an oral swab. It is 99% accurate.

Traditional Blood Draw from vein, sent to laboratory, results in 7 to 10 days.

Should I be tested?

HIV is found in blood, semen (cum), vaginal fluids and breast milk. The virus can be passed to others through any of these body fluids. For HIV to pass from one person to another, the infected person's blood, semen or vaginal fluids must get into the body of another person. The HIV virus can enter through the vagina, penis, anus, mouth, or a cut in the skin.

HIV Antibody Window Period

You may need the HIV test, if now or in the past...

- You received blood or blood products before 1985.
- You have had more than one sex partner.
- You have ever injected drugs.
- You have sex with someone else who shoots illegal drugs.
- You have unsafe sex (sex without a "rubber"/latex condom) with someone who has HIV.
- You are pregnant or considering pregnancy and have had more than one sex partner,
- You have ever shared tattoo or body piercing needles.

What does a negative HIV test result mean?

You are probably not infected with HIV. However, since it takes the body between three weeks and three months to develop antibodies to HIV, you may test negative, even if you are infected. If you had unsafe sex (did not use a "rubber"/latex condom) or shared needles or "works" within the last 3 months, you may need to be tested again.

Remember, until you are sure of your HIV status, protect yourself and others from HIV.

A negative test does not mean that you are safe from the virus. Anyone can get HIV. If you take risks with sex or needles, you may get HIV in the future.

What does a positive HIV test result mean?

You are infected with HIV. This does not mean that you have AIDS.

You can give HIV to other people through unsafe sex or sharing drug needles.

You can pass HIV to your baby during pregnancy, birth or through breastfeeding,

There are programs in Montana for you if you test positive for HIV. These programs can help people with HIV stay healthy. They include medicines to help prevent Infections, and medicines to slow the spread of the HIV virus. Call your local health department about these programs.

Telling the people you have had sex with or have shared needles with about your positive test can be difficult. The local health department can assist you with this.

How can I avoid getting HIV?

Not having sex and not sharing needles or "works" are the surest ways to prevent getting HIV. There are other ways to reduce your risk of getting HIV. Protect yourself if you have sex:

- Use a new condom each time you have oral, anal or vaginal sex. Latex or polyurethane are best because HIV can pass through lambskin or natural condoms.
- Use water-based lubricants, **NOT** oils or lotions, that can cause a condom to break more easily.

Protect yourself if you use drugs or alcohol:

- Never share your needles or "works" to shoot drugs,
- Clean your needles and "works" with bleach; leave sit for 30 seconds, repeat 3 times, then rinse with water 3 times with every use.

Mixing sex, drugs, and alcohol is risky. If you are drunk or high, it is harder to make good decisions about having sex.

You can't get HIV from casual contact, such as hugging, kissing, sharing kitchen utensils, contact with toilets, or insect bites. You can't get HIV from donating blood.

**IMPORTANT NOTICE:
 REPLACEMENT OF LIFE INSURANCE OR ANNUITIES**

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A *replacement* occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A *financed purchase* occurs when the purchase of a new policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? YES NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____.

I certify that the responses herein are, to the best of my knowledge, accurate:

Producer's Statement

I certify that only sales materials approved by North American Company for Life and Health Insurance were used in conjunction with this transaction, and copies of all sales materials including this Important Notice were left with the applicant. If applicable, electronically presented sales materials shall be provided in printed form to the applicant no later than at the time of policy or contract delivery.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older--are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

RIGHT TO EXAMINE POLICY – It is important to us that you are satisfied with your policy and that it meets your insurance goals. Read it carefully. If you are not satisfied with it, you may return it to our Home Office or to your agent within 30 days after you received it. We will then void it and refund all premiums paid .
