ACCELERATED DEATH BENEFIT RIDER DISCLOSURE

The benefits received under any accelerated death benefit rider may be taxable and may adversely affect your eligibility for Medicaid or other government benefits or entitlements. You should consult your personal tax advisor regarding the tax treatment of accelerated benefits. You should contact a qualified advisor or the applicable government agency (such as the local Medicaid office) for advice regarding eligibility for Medicaid or other government benefits or entitlements before requesting this benefit.

Accelerated benefits do not and are not intended to qualify as long-term care insurance. Benefit payments under an accelerated death benefit rider are intended to qualify for favorable tax treatment.

Disclosure for Term Life Insurance Policies

If you are applying for term life insurance, this disclosure is a brief description of the Accelerated Death Benefit Rider and the effects on your policy. This disclosure is not an insurance contract, but only a summary of the coverage provided by the riders. There is no premium charge for the riders.

Return of Premium:

Benefit Description - Accelerated Death Benefit for Terminal Illness Rider

While the rider is in force and if the Insured is diagnosed as having a Terminal Illness, you may make a one-time election to receive an accelerated death benefit equal to 92% of the policy's death benefit. A Terminal Illness is a medical condition that, within a reasonable degree of certainty, will result in the Insured's death within 24 months or less from the date on the statement of proof of Terminal Illness. A physician must sign and date the statement of proof of Terminal Illness.

Effect of the Accelerated Death Benefit on the Policy

When we pay the accelerated death benefit, the policy and all its riders will terminate.

Benefit Description - Accelerated Death Benefit for Chronic Illness Rider

While the rider is in force and the Insured is diagnosed as having a Chronic Illness, you may make a one-time election to receive an accelerated death benefit.

A Chronic Illness means that within the last 12 months a physician has certified that for a continuous period of at least 90 days, the insured is: (a) unable to perform (without substantial assistance from another person) at least two activities of daily living; or (b) requires substantial supervision to protect himself or herself from threats to health and safety due to severe cognitive impairments.

We will reduce the Chronic Illness benefit by an actuarial present value factor, future unpaid premiums, and a \$100 charge. The actuarial present value factor will be based on the life expectancy of the insured and the Accelerated Death Benefit Interest Rate.

Effect of the Accelerated Death Benefit on the Policy

When we pay the accelerated death benefit, the policy and all its riders will terminate.

Benefit Description - Accelerated Death Benefit for Critical Illness Rider

While the rider is in force and the Insured is diagnosed as having a Critical Illness, you may make a one-time election to receive an accelerated death benefit.

Critically Ill means that within the last 12 months a physician has certified that the insured has one or more of the following conditions: AIDS, Amyotrophic Lateral Sclerosis (ALS), Dementia, End Stage Renal Failure (Kidney Failure), Life Threatening (Invasive) Cancer,

Major Organ Failure, Myocardial Infarction (Heart Attack), Severe Burns, Stroke or Surgical Treatment of an Aortic Aneurysm.

We will reduce the Critical Illness benefit by an actuarial present value factor, future unpaid premiums, and a \$100 charge. The actuarial present value factor will be based on the life expectancy of the insured and the Accelerated Death Benefit Interest Rate.

Effect of the Accelerated Death Benefit on the Policy

When we pay the accelerated death benefit, the policy and all its riders will terminate.

Non-Return of Premium:

Benefit Description - Accelerated Death Benefit for Terminal Illness Rider

If the insured is diagnosed as having a Terminal Illness while the policy is in force, you may make a one-time election to receive an accelerated death benefit up to 80% of the policy's death benefit. A Terminal Illness is a medical condition that, within a reasonable degree of medical certainty, will result in the insured's death within 12 months or less from the date a physician signs the statement of proof of Terminal Illness.

We will reduce the Terminal Illness benefit by the Accelerated Death Benefit Interest Rate and a \$100 charge.

Benefit Description - Accelerated Death Benefit for Chronic Illness Rider

If the insured is diagnosed as being Chronically Ill while the policy is in force, you may elect to receive an accelerated death benefit.

Chronically Ill means that within the last 12 months a physician has certified that for a continuous period of at least 90 days, the insured is: (a) unable to perform (without substantial assistance from another person) at least two activities of daily living; or (b) requires substantial supervision to protect himself or herself from threats to health and safety due to severe cognitive impairments.

Each requested acceleration may not exceed the per diem allowance permitted by section 101(g)(3) of the Internal Revenue Code multiplied by the number of days in the current calendar year that the insured is expected to be Chronically Ill. The Internal Revenue Service announces the per diem limit for each calendar year.

We will reduce the Chronic Illness benefit by an actuarial present value factor, future unpaid premiums, and a \$100 charge. The actuarial present value factor will be based on the life expectancy of the insured and the Accelerated Death Benefit Interest Rate.

Benefit Description - Accelerated Death Benefit for Critical Illness Rider

If the insured is diagnosed as being Critically Ill while the policy is in force, you may elect to receive an accelerated death benefit.

Critically Ill means that within the last 12 months a physician has

- continued on next page -

certified that the insured has one or more of the following conditions: AIDS, Amyotrophic Lateral Sclerosis (ALS), Dementia, End Stage Renal Failure (Kidney Failure), Life Threatening (Invasive) Cancer, Major Organ Failure, Myocardial Infarction (Heart Attack), Severe Burns, Stroke or Surgical Treatment of an Aortic Aneurysm.

We will reduce the Critical Illness benefit by an actuarial present value factor, future unpaid premiums, and a \$100 charge. The actuarial present value factor will be based on the life expectancy of the insured and the Accelerated Death Benefit Interest Rate.

Requesting an Acceleration

You may elect to receive the Chronic Illness or Critical Illness benefit more than once, and there must be at least 12 months between acceleration requests. In contrast, you may elect to receive the Terminal Illness benefit only once. If you elect to receive the Terminal Illness benefit, the Chronic Illness and Critical Illness benefits are no longer available.

The requested acceleration cannot be less than \$5,000 under any rider. The maximum sum of all accelerated death benefit payments, for the policy to which this rider is attached, cannot exceed 80% of the policy's face amount as of the policy issue date. The issue date and face amount are shown on the policy data page.

Effect of the Accelerated Death Benefit on the Policy

When we pay the accelerated death benefit, the policy will continue with a reduced face amount and a reduced premium.

Disclosure for Universal Life Insurance Policies

If you are applying for universal life insurance benefits, this disclosure is a brief description of the Accelerated Death Benefit for Terminal Illness Rider, the Accelerated Death Benefit for Chronic Illness Rider, and their effects on your policy. This disclosure is not an insurance contract, but only a summary of the coverage provided by the riders. There is no premium or cost of insurance for these riders.

Benefit Description - Accelerated Death Benefit For Terminal Illness Rider

If the insured is diagnosed as having a Terminal Illness while the policy is in force, you may make a one-time election to receive an accelerated death benefit. The sum of all requested accelerations under the Terminal Illness Rider and the Chronic Illness Rider may not exceed the lesser of \$1,000,000 or 80% of the specified amount as of the date of the first requested acceleration.

A Terminal Illness is a medical condition that, within a reasonable degree of medical certainty, will result in the insured's death within 12 months or less from the date a physician signs the statement of proof of terminal illness.

We will reduce the Terminal Illness benefit by an actuarial discount rate and a \$100 charge, and the pro-rated amount of any outstanding loans. The actuarial discount rate will not be greater than 6%.

Benefit Description - Accelerated Death Benefit for Chronic Illness Rider

If the insured is diagnosed as being Chronically Ill while the policy is in force, you may elect to receive an accelerated death benefit.

The sum of all requested accelerations may not exceed the lesser of \$1,000,000 or 80% of the specified amount as of the date of the first requested acceleration. Each requested acceleration may not exceed the per diem allowance permitted by section 101(g)(3) of the Internal Revenue Code multiplied by the number of days in the current calendar year that the insured is expected to be Chronically Ill.

The Internal Revenue Service announces the per diem limit for each calendar year.

You may elect to receive the Chronic Illness benefit more than once, and there must be at least 12 months between acceleration requests. In contrast, you may elect to receive the Terminal Illness benefit only once. If you elect to receive the Terminal Illness benefit, the Chronic Illness benefit is no longer available.

We will reduce the Chronic Illness benefit by an actuarial discount rate multiplied by the insured's life expectancy in years, a \$100 charge, and the pro-rated amount of any outstanding loans.

Benefit Description - Accelerated Death Benefit for Critical Illness Rider (this rider is only available with Indexed Universal Life Express policies)

When we pay any accelerated death benefit, the following will occur: (a) we will reduce the specified amount, accumulation value, and any loan by the same proportion as the death benefit; and (b) the monthly deduction and cost of insurance charge will be based on the reduced specified amount.

ACCELERATED DEATH BENEFIT RIDER DISCLOSURE

The benefits received under any accelerated death benefit rider may be taxable and may adversely affect your eligibility for Medicaid or other government benefits or entitlements. You should consult your personal tax advisor regarding the tax treatment of accelerated benefits. You should contact a qualified advisor or the applicable government agency (such as the local Medicaid office) for advice regarding eligibility for Medicaid or other government benefits or entitlements before requesting this benefit.

Accelerated benefits do not and are not intended to qualify as long-term care insurance. Benefit payments under an accelerated death benefit rider are intended to qualify for favorable tax treatment.

Replacement of Life Insurance or Annuities

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

- Are they affordable?
- Could they change?
- You're older—are premiums higher for the proposed new policy?
- How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

- New policies usually take longer to build cash values and to pay dividends.
- Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
- What surrender charges do the policies have?
- What expense and sales charges will you pay on the new policy?
- Does the new policy provide more insurance coverage?

INSURABILITY:

- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
- You may need a medical exam for a new policy.
- Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
- Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

- How are premiums for both policies being paid?
- How will the premiums on your existing policy be affected?
- Will a loan be deducted from death benefits?
- What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

- Will you pay surrender charges on your old contract?
- What are the interest rate guarantees for the new contract?
- Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

- What are the tax consequences of buying the new policy?
- Is this a tax-free exchange? (See your tax advisor.)
- Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
- Will the existing insurer be willing to modify the old policy?
- How does the quality and financial stability of the new company compare with your existing company?

Important Notice: Replacement of Life Insurance or Annuities

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? YES NO
3. If purchasing an annuity, have you had another annuity exchange or replacement within the past 60 months? YES NO

If you answered "yes" to any of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

Insurer Name	Contract or Policy #	Insured or Annuitant	Replaced (R) or Financing (F)

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____

If you are replacing, list below the form number(s) and brief description(s) of preprinted or electronic sales material which was presented, or check "NONE" box if no sales material was used in this sale: NONE
(The producer must provide the applicant with a copy of all sales material used at time of application, including electronically presented sales material in printed form no later than the time of policy or contract delivery.)

A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on this form.

- 1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ... YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ... YES NO
3. If purchasing an annuity, have you had another annuity exchange or replacement within the past 60 months? YES NO

If you answered "yes" to any of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because

If you are replacing, list below the form number(s) and brief description(s) of preprinted or electronic sales material which was presented, or check "NONE" box if no sales material was used in this sale: ... NONE

(The producer must provide the applicant with a copy of all sales material used at time of application, including electronically presented sales material in printed form no later than the time of policy or contract delivery.)

I certify that the responses herein, to the best of my knowledge, are accurate.
