ACCELERATED DEATH BENEFIT ENDORSEMENT SUMMARY AND DISCLOSURE STATEMENT

When used in this disclosure, "Death Benefit" applies to a permanent life insurance policy; "Face Amount" applies to a term or whole life insurance policy.

There is no additional charge for the Accelerated Death Benefit Endorsement. However, there is an administrative fee required each time an Election is made.

The accelerated death benefits may provide benefits to pay for long-term care services but are NOT part of a long-term care or nursing home insurance policy and the amount these products pay may not be enough to cover your medical, nursing home or other bills. Accelerated Death Benefit Payments used to pay for long-term care services are subject to limits imposed by the federal government and any amounts received in excess of these limits are includible in taxable income. You may use the money you receive as an accelerated death benefit for any purpose.

If you already have long-term care insurance, Medicaid, or similar coverage, you should consider whether the accelerated death benefits are suitable for your needs. Receipt of accelerated death benefits MAY AFFECT YOUR ELIGIBILITY FOR MEDICAID, SUPPLEMENTAL SECURITY INCOME ("SSI"), OR OTHER GOVERNMENT BENEFITS OR ENTITLEMENTS. Contact the Medicaid Unit of your local Department of Public Welfare and the Social Security Administration Office for more information.

UNLIKE CONVENTIONAL LIFE INSURANCE PROCEEDS, AMOUNTS PAYABLE AS ACCELERATED DEATH BENEFITS COULD BE TAXABLE UNDER SOME CIRCUMSTANCES. WE RECOMMEND THAT YOU CONSULT YOUR PERSONAL TAX ADVISOR PRIOR TO ELECTING AN ACCELERATED DEATH BENEFIT UNDER THIS ENDORSEMENT TO ASSESS THE TAX TREATMENT IN YOUR INDIVIDUAL CIRCUMSTANCES. THE COMPANY SHALL ACT AS IT DETERMINES IS REQUIRED BY THE INTERNAL REVENUE CODE AND THE REGULATIONS IN REPORTING ANY AMOUNTS PROVIDED PURSUANT TO AN ELECTION UNDER THIS ENDORSEMENT.

PAYMENT OF ACCELERATED DEATH BENEFITS WILL REDUCE THE POLICY'S DEATH BENEFIT OR FACE AMOUNT, MONTHLY DEDUCTIONS OR PREMIUMS, NONFORFEITURE VALUES OR POLICY VALUES, WHICH INCLUDE, BUT ARE NOT LIMITED TO, THE ACCOUNT VALUE, NET CASH SURRENDER VALUE, AND POLICY LOAN VALUE WILL BE REDUCED IN PROPORTION TO THE AMOUNT OF THE DEATH BENEFIT OR FACE AMOUNT THAT IS ACCELERATED.

ACCELERATED DEATH BENEFITS ARE REDUCED BY A NUMBER OF FACTORS, INCLUDING BUT NOT LIMITED TO, THE IMPACT AN ILLNESS HAS ON THE INSURED'S FUTURE MORTALITY EXPECTATIONS AND IN THE CASE OF TERM OR WHOLE LIFE INSURANCE THE AMOUNT OF PREMIUM REMAINING UNTIL THE POLICY EXPIRES OR MATURES. THIS MAY RESULT IN A SMALL BENEFIT OR NO BENEFIT BEING PAID.

THE IMPACT OF ACCELERATED DEATH BENEFIT PAYMENTS

Upon instructions received by the owner of the Policy, the company will pay an Accelerated Death Benefit as described below, subject to the limitations and requirements described in the Accelerated Death Benefit Endorsement. Any assignee or Irrevocable Beneficiary must consent before we make an Accelerated Death Benefit Payment. The Lifetime Maximum Accelerated Death Benefit that we will accelerate is described in the Endorsement.

The Accelerated Death Benefit Payment is discounted. The discount we apply reflects the early payment of the Policy's Death Benefit or Face Amount and includes, among other things:
(1) A mortality adjustment using our determination of the future expected lifetime of the Insured;
(2) A discount reflecting the time value of money using the Accelerated Death Benefit Interest Rate; and
(3) In the case of term insurance, an offset for the uncollected premiums otherwise payable over the life of the Policy.

The factors listed above may reduce the amount of the Accelerated Death Benefit payable. Chronic Illnesses or Critical Illnesses often have little or no impact on the Insured's life expectancy, such that the application of the factor for mortality

and reduced life expectancy could result in a small Accelerated Death Benefit Payment or no Accelerated Death Benefit Payment being paid even if a Qualifying Event has been established.

Proposed Insureds are subject to underwriting eligibility requirements to qualify for the Chronic Illness or Critical Illness Accelerated Death Benefit. Only the Terminal Illness Accelerated Death Benefit is available without underwriting eligibility requirements.

The minimum and maximum Accelerated Death Benefit amounts for Critical, Chronic or Terminal Illness on the Election Date are described in the Endorsement.

Accelerated Death Benefit for Terminal Illness: You may elect to receive advancement of the Death Benefit or Face Amount when the Insured has a Terminal Illness while the Endorsement is in effect.

An Insured qualifies as being Terminally Ill if the Insured has been certified through a certification by a Physician that the Insured has been diagnosed with a medical condition that results in a drastically limited life span. A drastically limited life span is a life span of 24 months or less.

The Accelerated Benefit Payment will be determined upon your Election and will be paid in a lump sum.

We will waive the Monthly Deductions or Premiums following the Election of Accelerated Death Benefits for Terminal Illness. Upon Election, all Endorsements and Riders attached to the Policy will continue to be effective subject to the terms and conditions of each Endorsement or Rider.

After you receive Accelerated Death Benefits for Terminal Illness, you may elect to take withdrawals; increase or decrease the Specified Amount or Face Amount, change the Death Benefit Option; and obtain Policy Loans as described in the Policy.

Only one Election can be made for Terminal Illness.

If the Insured dies after you elect to receive Accelerated Death Benefits, but before any Accelerated Death Benefit Payment is made, the Election will be cancelled and the Death Benefit or Face Amount will be paid as described in the Policy.

Accelerated Death Benefit for Chronic Illness (if available): You may elect to receive advancement of the Death Benefit or Face Amount when the Insured is Chronically Ill while the Endorsement is in effect.

An Insured qualifies as being Chronically Ill if the Insured has been certified through a certification by a Physician within the last 12 months as:

(a) Being unable to perform, for at least 90 days without Substantial Assistance from another person, at least two Activities of Daily Living; or
(b) Requiring Substantial Supervision by another person, to protect oneself from threats to health and safety due to Severe Cognitive Impairment.

Activities of Daily Living are bathing, continence, dressing, eating, toileting, or transferring.

Severe Cognitive Impairment means deterioration or loss of intellectual capacity that is measured by clinical evidence and standardized tests which reliably measure impairment in:

1. short-term or long-term memory;
2. orientation to people, places, or time;
3. deductive or abstract reasoning; or
4. judgment as it relates to safety awareness.

You can accelerate an amount less than the minimum Accelerated Death Benefit for Chronic Illness allowed if it is necessary to do so to comply with the Lifetime Maximum Accelerated Death Benefit limitation, or if you are making a Final Election.

A Final Election is available if the maximum Chronic Illness Accelerated Death Benefit at the time of Election is greater than the remaining Death Benefit or Face Amount in the Policy, minus the Residual Death Benefit. A Final Election occurs when you accelerate all of the Death Benefit or Face Amount in the Policy, minus the Residual Death Benefit.

The Residual Death Benefit only applies to benefits for Chronic Illness.

We will waive the Monthly Deductions or Premiums while a Chronic Illness Election is in effect if the Death Benefit or Face Amount immediately prior to the Initial Election Date does not exceed the Lifetime Maximum Accelerated Death Benefit If

the Death Benefit or Face Amount immediately prior to the Initial Election Date exceeds the Lifetime Maximum Accelerated Death Benefit while an Election is in effect, the Monthly Deductions or Premiums will be multiplied by the specified ratio, as described in the Endorsement. Monthly Deductions or Premiums will stop being waived when an Election is no longer in effect.

While the Chronic Illness Election is in effect, you cannot take withdrawals; increase or decrease the Specified Amount or change the Death Benefit Option. After any Election, other than a Final Election, you may elect to obtain Policy Loans as described in the Policy.

After the Initial Election Date, no additional Endorsement and Riders may be added to the Policy. Upon any Election other than a Final Election, all Endorsements and Riders attached to the Policy will continue to be effective subject to the terms and conditions of each Endorsement or Rider. Upon a Final Election, all Endorsements and Riders, except the Accelerated Death Benefit Endorsement, the Guaranteed Insurability Rider, if any, or the Option to Purchase Additional Insurance Rider, if any, will terminate on the Final Election date.

The Chronic Illness Election Period begins on the Election Date of a Chronic Illness and ends immediately prior to the Monthly Anniversary or Monthly Policy Date, as applicable that occurs when the number of completed Policy Months as shown on the Policy Data Pages is completed.

If the Insured dies after you elect to receive Accelerated Death Benefits, but before the payment is made, the Election will be cancelled and the Death Benefit or Face Amount will be paid as described in the Policy. If a Final Election has occurred, the Residual Death Benefit will be paid to the Beneficiary in a lump sum upon due proof of death of the Insured.

Accelerated Death Benefit for Critical Illness (if available): You may elect to receive advancement of the Death Benefit or Face Amount when the Insured is Critically Ill while the Endorsement is in effect.

An Insured qualifies as being Critically Ill if the Insured has been certified through certification by a Physician as having incurred a Specified Medical Condition within the past 12 months. A Specified Medical Condition is defined as one of the following five events:

(a) **Cancer** – means any malignant tumor positively diagnosed with histological confirmation and characterized by the uncontrolled growth of malignant cells and invasion of tissue. The term malignant tumor includes leukemia, lymphoma and sarcoma.

The following are **NOT** covered:

1. All cancers which are histologically classified as any of the following:
    i) Premalignant;
    ii) Non-invasive;
    iii) Cancer in situ;
    iv) Having borderline malignancy; or
    v) Having low malignancy potential.
2. All tumors of the prostate unless histologically classified as having a Gleason score of 7 or greater or having progressed to at least clinical TNM classification Stage 2b, T2N0M0.
3. Thyroid Cancer unless classified as T2N0M0 or greater.
4. Breast cancer unless classified as T2N0M0 or greater.
5. Any skin cancer unless classified as Malignant Melanoma Stage 2 or greater.

(b) Heart Attack – means the death of heart muscle due to inadequate blood supply that has resulted in evidence of myocardial infarction based on typical rise and gradual fall of Troponin and other biochemical markers of myocardial necrosis with at least one of the following:

1. Typical clinical symptoms (chest pain may or may not be present);
2. Characteristic electrocardiogram (ECG or EKG) changes; or
3. Coronary artery intervention.

The following are **NOT** included:

1. Angina;
2. Elevated biochemical cardiac markers as a result of intra-arterial cardiac procedures including, but not limited to, coronary angiography and coronary angioplasty, in the absence of new Q waves; or
3. ECG changes suggesting a prior myocardial infarction, which do not meet the definition of Heart Attack described above.

(c) **Kidney Failure** – means chronic and end stage renal failure (failure of both kidneys to function effectively) diagnosed and managed by a nephrologist, as a result of which regular dialysis is necessary.

(d) **Major Organ Transplant** – means the undergoing as a recipient of a transplant of bone marrow or a complete heart, kidney, liver, lung, small intestine, or pancreas, or inclusion on the United Network of Organ Sharing (UNOS) waiting list. Transplant of any other organs, parts of organs, tissues or cells is not covered.

(e) **Stroke** – (cerebrovascular accident) means a definite diagnosis of an acute cerebrovascular event caused by intra-cranial thrombosis, hemorrhage, or embolism with acute onset of new neurological symptoms and new objective neurological deficits on clinical examination, persisting for at least 96 hours following the date of diagnosis. These new symptoms and deficits must be corroborated by diagnostic imaging testing.

The following are **NOT** included:

1. Transient ischemic attacks;
2. Brain damage due to an accident or injury, infection, vasculitis, and inflammatory disease;
3. Vascular disease affecting the eye or optic nerve;
4. Ischemic disorders of the vestibular system; or
5. Chronic Cerebrovascular insufficiency.

The Accelerated Benefit Payment will be determined as of each Election Date and will be paid in a lump sum. On the Election Date, the Accelerated Death Benefit Payment and the Policy Debt will be reduced by the Debt Repayment Amount.

After each Election Date, Monthly Deductions or Premiums will remain the same as described in the Policy and be based on the reduced Specified Amount or Face Amount.

While the Critical Illness Election is in effect, you cannot take withdrawals; increase or decrease the Specified Amount or change the Death Benefit Option. After any Election you may elect to obtain Policy Loans as described in the Policy.

Upon any Election all Endorsements and Riders attached to the Policy will continue to be effective subject to the terms and conditions of each Endorsement or Rider. After the Initial Election Date, additional Endorsement and Riders may be added to the Policy.

Election of Accelerated Death Benefits for Critical Illness is required within 12 months of incurred date. Only one Election can be made for each occurrence of a Specified Medical Condition.

If the Insured dies after you elect to receive Accelerated Death Benefits, but before the payment is made, the Election will be cancelled and the Death Benefit or Face Amount will be paid as described in the Policy.

NOTICE AND CONSENT FORM FOR AIDS VIRUS (HIV) ANTIBODY/ANTIGEN TESTING

To evaluate your eligibility for insurance coverage, it is requested that you consent to be tested to determine the presence of antibodies or antigens to the Human Immunodeficiency Virus (HIV). By signing and dating this form, you agree that these tests may be performed and that underwriting decisions (for example, the decision to accept or reject your application) will be based on the test results. You may have ten (10) days to decide whether you wish to sign this form. You may refuse to be tested. However, such refusal may be used by the insurer as a reason to deny coverage. Please see below for additional counseling information.

Information on HIV - HIV, the virus that causes AIDS, is transmitted from one person to another through blood, semen, and vaginal fluids. The disease is spread primarily during anal, vaginal or oral intercourse, the sharing of needles and syringes used for shooting drugs, or from a mother to her unborn child. *HIV is not spread through casual contact, such as eating with or touching a person infected with the virus. There is no medical evidence that HIV is spread by kissing.*

Persons most at risk of contracting HIV are men who have sex with other men; intravenous ("IV") drug users; prostitutes (male or female); persons who have had many sexual partners since 1977; persons who received transfusions of blood or blood products prior to March, 1985; the sexual partners of persons in any of these groups; and infants born to infected mothers.

Pre-test Counseling Considerations - Many public health organizations have recommended that before taking an HIV antibody/antigen test a person seek counseling to become fully informed about the implications of such tests. You may wish to consider obtaining such counseling at your own expense prior to being tested. Free confidential counseling is available in most Arizona communities. If you need information about the availability of counseling in your area contact your county health department or:

Phoenix metropolitan area: 234-2752
(Arizona AIDS Information Line)

Outside the Phoenix area: 1-800-334-1540
(Arizona Department of Health Services)

Disclosure of Test Results - All test results will be treated confidentially. The results of the tests will be reported to the insurer identified on this form. Results of the tests will not be otherwise disclosed without your written consent except as required or allowed by law. Disclosure of HIV test results pertaining to your application for insurance is governed by A.R.S. §20-448.01.

Meaning of Positive Test Results - The most commonly used test for HIV is designed to detect the presence of antibodies to the virus. Antibodies are made by the body's immune system to fight infection. While positive HIV antibody test results do not mean that you have AIDS, they do indicate that you have been infected with HIV, the virus that causes AIDS. About 50% of infected individuals have developed AIDS within 10 years after being infected with the virus.

Positive HIV antibody/antigen test results will adversely affect your application for insurance. This means that your application will probably be declined.

Consent - I have read and I understand this Notice and Consent Form. I voluntarily consent to testing and disclosure as described above. I understand that I have a right to request and receive a copy of this form. A photocopy of this form will be as valid as the original. I understand that release of information provisions are valid for 180 days from the date this consent form is signed. No HIV-related information will be released to any person after that time without my written consent.

INDEXED UNIVERSAL LIFE INSURANCE

As a valued customer of North American Company for Life and Health Insurance (the Company), We want to make sure You understand the unique features of the indexed life insurance Policy for which You have applied. The Policy may earn interest based on the movement of the selected Index(es), but will never credit less than zero percent. While earnings are based on the Index(es) You select, premiums are not invested in stocks, bonds or equity investments, and the Index growth does not include dividends.

The Policy for which you have applied is not registered as a security. Therefore, purchasing this indexed life insurance Policy is not the same as making an investment directly in the stock market. This summary is not intended to be a full description of the Policy. Please refer to your Policy when issued for complete details and definitions.

ALLOCATION CHOICES

You may direct Your money among the Fixed Account and/or any combination of the following Indexes:

1. The Standard & Poor's 500® Composite Stock Price Index (S&P 500®)
2. The S&P MidCap 400®
3. The Russell 2000®
4. The Fidelity Multifactor Yield Index℠ 5% ER

INDEX CREDITING METHODS

The interest credited to the Policy is calculated through the use of one of the following methods: the Annual Point-to-Point method, the Annual Point-to-Point with Spread method, or the Monthly Point-to-Point method. No Index Credits will be applied until the end of the Index Period and money withdrawn or surrendered prior to this time will not receive Index Credits.

When the **Annual Point-to-Point** method is chosen, the Index credit is determined by calculating the change between the Index Value on the first day of the Index Period and last day of the Index Period. The Index change is subject to the Index Cap Rate, Index Participation Rate, and Index Floor Rate. The Index Credit, if any, is credited and locked in at the end of the 12-month Index Period. The Annual Point-to-Point crediting method is available for the S&P 500®, S&P MidCap 400®, Russell 2000®, and the Fidelity Multifactor Yield Index℠ 5% ER. The S&P 500® includes both a capped and an uncapped version of this crediting method.

When the **Annual Point-to-Point with Spread** method is chosen, the Index credit is determined by calculating the change between the Index Value on the first day of the Index Period and last day of the Index Period. The Index change is multiplied by the Index Participation Rate, and then the Index Spread Rate is deducted. The rate credited at the end of the Index Period will never be less than zero percent (the Index Floor Rate). The Index Credit, if any, is credited and locked in at the end of the 12-month Index Period. The Annual Point-to-Point with Spread crediting method is available for the S&P 500®.

When the **Monthly Point-to-Point** method is chosen, the Index credit is determined by calculating the 12 Monthly Index Returns, which are determined by the change in the Index during the month multiplied by the Index Participation Rate. The Monthly Index Return can not be greater than the Monthly Index Cap Rate and it can be a negative number. At the end of the 12-month Index Period, the 12 preceding Monthly Index Returns are added together to determine the Index Credit, which is credited and locked in at the end of the 12-month Index Period. The rate credited at the end of the Index Period will never be less than zero percent (the Index Floor Rate), and will never be greater than 12 times the Monthly Index Cap Rate. The Monthly Point-to-Point crediting method is available for the S&P 500®.

OTHER ELEMENTS AFFECTING INDEX CREDITS

- **Index Participation Rate** – the portion of the Index change that is used in the calculation of the Index Credit. This rate can be changed by the Company but can never be less than the minimum shown in the Policy.
- **Index Cap Rate** – the maximum interest rate that can be used in the calculation of the Index Credit. This rate can be changed by the Company but can never be less than the minimum shown in the Policy.

Agent Instructions: Provide the Applicant a copy of this form; submit one copy to the Administrative Office and keep a copy for your records.

- **Index Floor Rate** – the minimum interest rate that can be used in the calculation of the Index Credit. This rate can be changed by the Company but can never be less than zero percent.
- **Index Spread Rate -** the interest rate that will be subtracted from the Index growth in the calculation of the Annual Point-to-Point with Spread Index Crediting Method. This rate can be changed by the Company but can never be more than the maximum shown in the Policy.
- **Minimum Account Value –** the rate credited to your Policy at the end of each 12-month Index Period will never be less than zero percent (the Index Floor Rate). However, we will also calculate a Minimum Account Value that uses an interest rate of 2.0% in all Policy years for all premiums. If your Policy terminates (due to death, surrender, maturity, or lapse), we compare the Account Value using actual interest credits to the Minimum Account Value and use the greater value.
- **Surrender Charge –** the Surrender Charge is a charge made against the Policy Account Value in the event of a surrender of the Policy. The Surrender Charge varies by Policy Year and is based on the Sex, Issue Age and Premium Class of the Insured. Surrender Charges apply to the initial Specified Amount. Additional Surrender Charges will apply to any increase in Specified Amount and any decrease in Specified Amount or Withdrawal will reduce the Surrender Charge. Surrender Charges vary by product.
- **Transfers from an Index Selection –** transfers out of an Index Selection can only occur at the end of a 12-month Index Period.

IMPORTANT NOTICE:
REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases, this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A *replacement* occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A *financed purchase* occurs when the purchase of a new policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interest. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? ☐ YES ☐NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? ☐YES ☐NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

INSURER NAME	CONTRACT OR POLICY #	INSURED OR ANNUITANT	REPLACED (R) OR FINANCING (F)
1.			
2.			
3.			

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because _____

I certify that the responses herein are, to the best of my knowledge, accurate:

_____ _____

Applicant's Signature and Printed Name Date

_____ _____

Producer's Signature and Printed Name Date

I do not want this notice read aloud to me. _____ (Applicants must initial only if they do not want the notice read aloud.)

Producer's Statement

I certify that only sales materials approved by North American Company for Life and Health Insurance were used in conjunction with this transaction, and copies of all sales materials including this Important Notice were left with the applicant. If applicable, electronically presented sales materials shall be provided in printed form to the applicant no later than at the time of policy or contract delivery.

Agent Instructions: Provide the Applicant a copy of this form; submit one copy to the Administrative Office and keep a copy for your records.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable?

Could they change?

You're older--are premiums higher for the proposed new policy?

How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.

Acquisition costs for the old policy may have been paid; you will incur costs for the new one.

What surrender charges do the policies have?

What expense and sales charges will you pay on the new policy?

Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.

You may need a medical exam for a new policy.

Claims on most new policies for up to the first two years can be denied based on inaccurate statements.

Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?

How will the premiums on your existing policy be affected?

Will a loan be deducted from death benefits?

What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?

What are the interest rate guarantees for the new contract?

Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?

Is this a tax-free exchange? (See your tax advisor.)

Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?

Will the existing insurer be willing to modify the old policy?

How does the quality and financial stability of the new company compare with your existing company?

RIGHT TO EXAMINE POLICY – It is important to us that you are satisfied with your policy and that if meets your insurance goals. Read it carefully. If you are not satisfied with it, you may return it to our Home Office or to your agent within 30 days after you received it. We will then void it and refund all premiums paid .

2. The undersigned represent and warrant that no person, firm, or corporation has a legal or equitable interest in the policy, except the undersigned, and that no proceedings of either a legal or equitable nature have been instituted or are pending against the undersigned.
3. The undersigned intend that this assignment be part of an exchange of insurance policies or annuities under Internal Revenue Code Section 1035. The undersigned are aware that the Company intends to surrender this policy for its net cash surrender value and specifically authorize and approve of the Company surrendering the policy for its net cash surrender value, without in any way limiting the rights transferred under this assignment. **The undersigned represent and agree that the Company is furnishing this form and is participating in this transaction at the undersigned's request and as an accommodation to the undersigned. The undersigned represent and agree that the Company makes no representation, and that the Company has no responsibility or liability for the validity of this agreement or the undersigned's tax treatment under Internal Revenue Code Section 1035, or otherwise.**
4. The current insurer is authorized to recognize the Company's claim to rights under this assignment without investigation. An authorized signature on behalf of the Company shall be sufficient for the exercise of the Company's right of surrender. Any check for the surrender value of this policy shall be drawn to the exclusive order of the Company if, when, and in such amounts as may be requested by the Company.

Agent Instructions: Provide the Proposed Owner a copy of this form; submit one copy to the Administrative Office. Keep a copy for your records.

L-2008

5. In addition to, but without limitation of all rights, title and interests assigned under this assignment, the undersigned specifically assigns the above policy as collateral security for the amount of the policy's cash surrender value with the right of the Company to collect either the proceeds at death or at maturity, or the cash surrender value of the policy paying the balance, if any, after payment of such cash surrender value, to the persons entitled thereto under the policy. If this transaction is subject to a community property interest, we strongly recommend that You obtain Your spouse's signature on this application to document his/her consent to this transaction. States that recognize community property interests in property held by married persons include Alaska, Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington and Wisconsin. You understand and agree that the Company may presume that no community property exists if You have not obtained your spouse's signature below. Further, you understand and agree that the Company has no duty to inquire further about any such community property interest. As a result, You agree to indemnify and hold the Company harmless from any consequences relating to community property interests and this transaction. Please note that the term "spouse" includes domestic partner or other partner as permitted by civil union, domestic partnership or similar law.
6. The owner will continue to pay the premiums necessary to keep the existing policy(ies) in force until the 1035 proceeds are released from the current insurer. The Company bears no responsibility for the payment of any premiums. Failure to pay premiums on the existing policy(ies) may create a loan, or reduce or eliminate surrender proceeds or cause the policy(ies) to lapse. The Company will not carry over to the new policy an outstanding loan on the old policy.
7. Any policy loan that exists prior to the exchange and is discharged may constitute the receipt of income which is taxable gain to the extent of the loan (reg. 1.1031 (b)-1(c)). We recommend you consult with and rely on your own qualified legal or tax advisor.
8. If the new application for insurance is canceled, declined, or postponed by the Company for any reason, the Company will release the owner from the assignment executed as part of this transaction.
9. The cash value of the existing assigned policy shall not be considered part of the premium consideration for the new policy until the Company actually receives the policy's net surrender value. The existing insurer may defer payment of the surrender proceeds of the existing policy(ies) in accordance with applicable policy provisions. Accordingly, the undersigned understand and agree that the Company has no control over, and assumes no responsibility for, the surrender processing of another company and the timeliness of the receipt of the 1035 exchange values.
10. The Company's maximum liability prior to the actual issuance and delivery of the new contract shall not exceed$1,000,000 ($100,000 in Kansas), as documented in the Temporary Insurance Agreement (TIA). If coverage is in effect under the TIA, the company's maximum liability shall not exceed $1,000,000 ($100,000 in Kansas).
